REMINDER OF THE LIST OF RESTRICTED CONTRACT MARKETS **FOR RULE 552 – DUAL TRADING RESTRICTIONS**

As you were notified previously in CME Update 04-02, dated Monday, February 9, 2004, the Board of Directors at its Regular Meeting on Wednesday, February 4, 2004, approved the following list of restricted markets and procedures for the implementation of Rule 552. - **DUAL TRADING RESTRICTIONS**, that is effective for the remainder of the First Quarter 2004 and the beginning of the Second Quarter 2004 until further notice:

- **EURODOLLAR FUTURES:** Dual trading is restricted in the first, second, third, fourth, fifth, sixth, seventh, eighth and ninth March quarterly cycle contract month position Eurodollar (ED) futures, up to and including the termination of trading day for the expiring contract month.
- **EURODOLLAR OPTIONS:** Dual trading is restricted in the first, second, third, fourth and fifth March quarterly cycle contract month position Eurodollar options, up to but not including the last five business days of the contract month.

Note that the Board of Directors may amend this list of restricted contracts and contract months in the future. The Board reviews historical volume data on at least a quarterly basis in order to determine those contracts and contract months that are deemed mature and liquid according to Rule 552. Dual trading will be restricted then for those contracts and contract months deemed mature and liquid by the Board.

EURODOLLAR FUTURES

Currently, with regard to the dual trading restriction rule only, the March 2006 Eurodollar futures contract is termed "in the ninth contract month position," the December 2005 Eurodollar futures contract is termed "in the eighth contract month position," the September 2005 Eurodollar futures contract is termed "in the seventh contract month position," the June 2005 Eurodollar futures contract is termed "in the sixth contract month position," the March 2005 Eurodollar futures contract is termed "in the fifth contract month position," the December 2004 Eurodollar futures contract is termed "in the fourth contract month position," the September 2004 Eurodollar futures contract is termed "in the third contract month position," the June 2004 Eurodollar futures contract is termed "in the second contract month position" and the March 2004 Eurodollar futures contract is termed "in the first contract month position," and therefore, all nine contracts are now restricted for dual trading under Rule 552. - **DUAL TRADING RESTRICTIONS**. The current Eurodollar futures contract months restricted for dual trading (ninth position March 2006, eighth position December 2005, seventh position September 2005, sixth position June 2005, fifth position March 2005, fourth position December 2004, third position September 2004, second position June 2004 and first position March 2004) will remain restricted for dual trading, up to and including the termination of trading for the first

position March 2004 contract month on Monday, March 15, 2004. Then effective on Tuesday, March 16, 2004, the June 2006 Eurodollar futures contract will be termed "in the ninth contract month position," and therefore, added to the list of restricted contract months for dual trading.

EURODOLLAR OPTIONS

With regard to the dual trading restriction rule only, the March 2005 Eurodollar options contract is termed "in the fifth contract month position," the December 2004 Eurodollar options contract is termed "in the fourth contract month position," the September 2004 Eurodollar options contract is termed "in the third contract month position," the June 2004 Eurodollar options contract is termed "in the second contract month position" and the March 2004 Eurodollar options contract is termed "in the first contract month position," and therefore, all five contract month positions are subject to the dual trading restrictions under Rule 552. - **DUAL TRADING RESTRICTIONS.** The current Eurodollar options contract months restricted for dual trading (fifth position March 2005, fourth position December 2004, third position September 2004, second position June 2004 and first position March 2004 Eurodollar options) will remain restricted for dual trading until the restriction is lifted for the March 2004 first contract month position Eurodollar options on Tuesday, March 9, 2004, through and including the termination of trading on Monday, March 15, 2004. Therefore, only four Eurodollar options contract months (March 2005, December 2004, September 2004, June 2004) will be dual trading restricted for the last five business days of trading for the expiring March 2004 Eurodollar options contract month. Then, effective on Tuesday, March 16, 2004, the June 2005 Eurodollar options contract month will be termed in the fifth contract month position," and therefore, added to the list of restricted contract months for dual trading.

The following schedules of contract month restrictions are in effect (upcoming changes to the restricted list are in boldfaced type).
