Effective Sunday, July 25, 2004 (for the trade date of Monday, July 26, 2004), Australian dollar and New Zealand dollar options will be listed on GLOBEX[®]. When a sale, bid, offer, or settlement price in the underlying futures occurs within half a regular exercise price interval of the fourth highest or fourth lowest existing regular exercise price, put and call options at the next higher or next lower regular exercise price shall be listed for trading on the next trading day. New options may be listed for trading up to and including the termination of trading.
