CME to List Additional S&P 500 Options Contracts

CME will list an additional 4 quarterly S&P 500 options contract months. These additional listings will expand the S&P 500 options offering out to a full two years. Please note that these additional contracts will follow current CME rules and will be floor based only. After hours Globex trading practices will remain unchanged. These additional contracts will be available for trading on Monday, July 10th at opening.

For more information, please do not hesitate to call Ariel Hantin, Senior Research Analyst, Research & Product Development at 312-559-4951.
