# IMPORTANT INFORMATION REGARDING THE FEDERATED HERMES FUNDS

## SUPPLEMENT TO CURRENT STATEMENTS OF ADDITIONAL INFORMATION

At meetings held on October 25, 2024, and November 1, 2024, as applicable, shareholders of the funds comprising the above-named registrants (“Federated Hermes Funds”) elected new Independent Directors/Trustees and re-elected existing Interested and Independent Directors/Trustees to serve on the Federated Hermes Funds Boards.

Shareholders elected John G. Carson, Karen L. Larrimer, Max F. Miller and Frank J. Nasta to serve as new Independent Directors/Trustees of all Federated Hermes Funds effective January 1, 2025.

Each will serve an indefinite term until the earlier to occur of: (1) his or her resignation; (2) his or her death; (3) his or her removal and appointment of his or her successor; or (4) his or her retirement upon attaining the age of 75 years in accordance with the Federated Hermes Funds, Director Service Policy. The address of all Independent Directors/Trustees of the Federated Hermes Funds is 4000 Ericsson Drive, Warrendale, PA 15086-7561.

Previously, Mr. Carson was appointed as Independent Director/Trustee to certain of the Federated Hermes Funds effective January 1, 2024. At the shareholder meetings noted above, Mr. Carson was elected by both shareholders of those certain registrants and shareholders of every other registrant comprising the Federated Hermes Funds.

In addition, effective at close of business on December 31, 2024, Maureen Lally-Green and P. Jerome Richey retired from the Federated Hermes Funds Boards having been previously elected by shareholders and serving as Independent Directors/Trustees.

The new Independent Directors/Trustees have been appointed to serve with other existing Independent Directors/Trustees on certain committees of the Federated Hermes Funds Boards.

Accordingly, in the section “**Committees of the Board**” the Committee members are revised as follows:

**Executive Committee** – J. Christopher Donahue, Interested Director/Trustee and G. Thomas Hough (Chair of the Federated Hermes Funds Board), Madelyn A. Reilly and John S. Walsh, Independent Directors/Trustees.

**Audit Committee** – John G. Carson, Thomas M. O’Neill (Chair of the Audit Committee), Madelyn A. Reilly and John S. Walsh.

**Nominating Committee** – John G. Carson, G. Thomas Hough, Karen L. Larrimer, Max F. Miller, Frank J. Nasta, Thomas M. O’Neill, Madelyn A. Reilly and John S. Walsh.

In the section “**Who Manages and Provides Services to the Fund?**”, the disclosure for Judge Lally-Green and Mr. Richey is deleted and the following information about Mr. Carson, Ms. Larrimer, Mr. Miller and Mr. Nasta is added.

Name Birth Date	Principal Occupation(s) and Other Directorships Held for Past Five Years, Previous Position(s) and Qualifications
<b>John G. Carson</b> Birth Date: May 15, 1965	<p><b>Principal Occupations:</b> Director or Trustee of the Federated Hermes Complex; Chief Executive Officer, Chief Investment Officer, Northstar Asset Management (Financial Services); formerly, Chief Compliance Officer, Northstar Asset Management.</p> <p><b>Other Directorships Held:</b> None.</p> <p><b>Qualifications:</b> Mr. Carson has served in various business management roles throughout his career. Mr. Carson was a Vice President at the Glenmede Trust Company and a Managing Director at Oppenheimer &amp; Company. Prior to that he spent more than a decade with the Bank of America/Merrill Lynch as a Director of Institutional Sales. Earlier on, Mr. Carson held similar positions for Wertheim Schroder/Schroders PLC and Drexel Burnham Lambert.</p>
<b>Karen L. Larrimer</b> Birth Date: December 10, 1962	<p><b>Principal Occupations:</b> Director or Trustee of the Federated Hermes Complex; formerly, Executive Vice President and Head of Retail Banking and Chief Customer Officer, The PNC Financial Services Group, Inc. (Retired).</p> <p><b>Other Directorships Held:</b> None.</p> <p><b>Qualifications:</b> Ms. Larrimer has served in several business and financial management roles and directorship positions throughout her career. She previously held the position of Executive Vice President and Head of Retail Banking and Chief Customer Officer, The PNC Financial Services Group, Inc. Prior to those roles, Ms. Larrimer held several executive positions at PNC, including Chief Marketing Officer and Executive Vice President for Business Banking. In addition to her various roles at PNC, Ms. Larrimer previously was an assistant director at Ernst &amp; Young LLP and served in several leadership roles at Mellon Bank. Ms. Larrimer also currently holds the positions on not for profit or for profit boards of directors as follows: Director, Highmark Inc. (health insurance organization); Director, Modern Executive Solutions (executive search and advisory solutions firm); Director and former Chair, Children’s Museum of Pittsburgh; Director and former Chair, United Way of Southwestern Pennsylvania; and Emeritus Director, Goodwill Industries Pittsburgh. Ms. Larrimer has held the positions of: President, Duquesne Club of Pittsburgh; Trustee, Robert Morris University; Director, PNC Foundation; and Director, numo (fintech incubator).</p>

Name Birth Date	Principal Occupation(s) and Other Directorships Held for Past Five Years, Previous Position(s) and Qualifications
<b>Max F. Miller</b> <b>Birth Date: December 6, 1968</b>	<p><b>Principal Occupations:</b> Director or Trustee of the Federated Hermes Complex; Associate Professor, Director of Entrepreneurial Studies, Director - Ignite Business Incubator, Washington &amp; Jefferson College.</p> <p><b>Other Directorships Held:</b> None.</p> <p><b>Qualifications:</b> Mr. Miller has served in several legal, business, and academic roles and directorship positions throughout his career. Mr. Miller serves as Associate Professor of Business &amp; Entrepreneurship, Director of Entrepreneurial Studies, and Director of Ignite Business Incubator at Washington &amp; Jefferson College. He also serves as President and Chief Tasting Officer of Raise Your Spirits, an experiential engagement firm. Mr. Miller previously served as Executive Vice President &amp; Chief Operating Officer of Urban Innovation 21, an economic development focused public-private partnership; Director of VIP Experiences of MetroMe, a mobile app providing concierge services; Chief Administrative Officer and General Counsel of Big Brothers Big Sisters of America; and Director of the University of Pittsburgh School of Law's Innovation Practice Institute. Prior to those roles, Mr. Miller held various operations, marketing and legal leadership roles at H.J. Heinz Company and was an attorney for Federated Investors, Inc. (now Federated Hermes, Inc.) from May 3, 1994, to November 11, 1997.</p>
<b>Frank J. Nasta</b> <b>Birth Date: October 11, 1964</b>	<p><b>Principal Occupations:</b> Director or Trustee of the Federated Hermes Complex; Chair of the Mutual Fund Advisory Committee and the European Fund Advisory Committee (industry forums sponsored by Broadridge Financial Solutions, Inc.)<sup>1</sup> (Retired).</p> <p><b>Other Directorships Held:</b> None.</p> <p><b>Qualifications:</b> Mr. Nasta has served in various legal, compliance, and business roles in the investment management industry throughout his career. He previously was a Managing Director of JPMorgan Chase &amp; Co. and Head of Legal for the JPMorgan U.S. Mutual Funds business. Prior to joining J.P. Morgan, Mr. Nasta was a Partner, General Counsel, Corporate Secretary and Member of the Board of Directors of J. &amp; W. Seligman, an investment management firm. Mr. Nasta previously served as the chair of the Investment Company Institute's (the "ICI") SEC Rules Committee, the ICI's Mutual Funds Conference Advisory Committee, and the Investment Management Regulation Committee of the New York City Bar Association. He also previously served as a Director of The International Preschools in New York City.</p> <p><i>1 Mr. Nasta served as Chair of these committees in the capacity of a non-employee consultant, has never been an employee of Broadridge Financial Solutions, Inc., and has resigned from these positions, effective December 31, 2024, in connection with his election to the Board.</i></p>

### **SUPPLEMENT TO PROSPECTUS AND STATEMENT OF ADDITIONAL INFORMATION DATED SEPTEMBER 30, 2024**

1. In the Prospectus section entitled "**Payments to Financial Intermediaries**," under "**Additional Payments to Financial Intermediaries**," please delete the section in its entirety and replace with the following:

#### **"ADDITIONAL PAYMENTS TO FINANCIAL INTERMEDIARIES AND OTHER PERSONS**

The Distributor may pay, out of its own resources, amounts to certain financial intermediaries, including broker-dealers, banks, registered investment advisers, independent financial planners and retirement plan administrators, and other persons, that support the sale of Shares or provide services to the Fund and/or its shareholders. The amounts of these payments could be significant, and may create an incentive for the financial intermediary or its employees or associated persons or other persons to recommend or sell Shares of the Fund to you. Not all financial intermediaries and other persons receive such payments and the amount of compensation may vary. In some cases, such payments may be made by or funded from the resources of companies affiliated with the Distributor (including the Adviser). These payments are not reflected in the fees and expenses listed in the fee table section of the Fund's Prospectus and described above because they are not paid by the Fund.

These payments are negotiated and may be based on such factors as: the number or value of Shares that the financial intermediary or other person sells, may sell or arrange for the sale of Shares; the value of client assets invested; the level and types of services or support furnished by the financial intermediary; or the Fund's and/or other Federated Hermes funds' relationship with the financial intermediary. These payments may be in addition to payments, as described above, made by the Fund to the financial intermediary or other person. In connection with these payments, the financial intermediary may elevate the prominence or profile of the Fund and/or other Federated Hermes funds, within the financial intermediary's organization by, for example, placement on a list of preferred or recommended funds and/or granting the Distributor preferential or enhanced opportunities to promote the funds in various ways within the financial intermediary's organization. You can ask your financial intermediary, or any other person that provides services to you, for information about any payments it receives from the Distributor or the Fund and any services provided, as well as about fees and/or commissions it charges."

2. In the Statement of Additional Information section entitled "**How is the Fund Sold?**," under "**Additional Payments to Financial Intermediaries**," please delete the header and first paragraph and replace with the following:

#### **"ADDITIONAL PAYMENTS TO OTHERS (INCLUDING FINANCIAL INTERMEDIARIES)**

The Distributor may pay out of its own resources amounts to certain financial intermediaries, including broker-dealers, banks, registered investment advisers, independent financial planners and retirement plan administrators, and other persons. In some cases, such payments may be made by, or funded from the resources of, companies affiliated with the Distributor (including the Adviser). While Financial Industry Regulatory Authority, Inc. (FINRA) regulations limit the sales charges that you may bear, there are no limits with regard to the amounts that the Distributor may pay out of its own resources.

In addition to the payments which are generally described herein and in the Prospectus, the financial intermediary also may receive payments under, if applicable, a Rule 12b-1 Plan and/or Service Fees. In connection with these payments, the financial intermediary may elevate the prominence or profile of the Fund and/or other Federated Hermes funds within the financial intermediary's organization by, for example, placement on a list of preferred or recommended funds and/or granting the Distributor preferential or enhanced opportunities to promote the funds in various ways within the financial intermediary's organization.

Financial intermediaries and other persons may receive payments under some or all categories described below. These payments assist in the Distributor's efforts to support the sale of Shares and compensate financial intermediaries and other persons for performing ancillary services in connection with effecting sales of the funds. These payments are negotiated and may be based on such factors as: the number or value of Shares that the financial intermediary or other person sells or may sell or arrange for the sale of Shares; the value of client assets invested; the level and types of services or support furnished by the financial intermediary; or the Fund's and/or other Federated Hermes funds' relationship with the financial intermediary.

Not all financial intermediaries and other persons receive such payments and the amount of compensation may vary. You should ask your financial intermediary, or any other person that provides services to you, for information about any payments it receives from the Distributor or the Federated Hermes funds and any services it provides, as well as the fees and/or commissions it charges."

3. In the Statement of Additional Information section entitled "**How is the Fund Sold?**," under "**Processing Support Payments**," please delete the section in its entirety and replace with the following:

#### **"Processing Support Payments**

The Distributor may make payments to certain financial intermediaries that offer Federated Hermes investment companies to help offset their costs associated with client accounts in the fund. The types of payments that the Distributor may make under this category include, but are not limited to: payment for administrative services, like account maintenance support and statement processing; payment for costs associated with transacting in the funds, like payment of ticket charges on a per-transaction basis; payment of networking fees; and payment for ancillary services related to setting up funds on the financial intermediary's mutual fund trading system, including technology and programming set-up, platform development and maintenance or similar services."

4. In the Statement of Additional Information section entitled "**How is the Fund Sold?**," under "**Marketing Support Payments**," please delete the section in its entirety and replace with the following:

#### **"Marketing Support Payments**

From time to time, the Distributor, at its expense, may provide additional compensation to financial intermediaries, or other persons, that sell or arrange for the sale of Shares. Such compensation, provided by the Distributor, may include "finders" or "referral fees" or directing investors to a fund, financial assistance to financial intermediaries that enable the Distributor to participate in or present at meetings, conferences or seminars, sales or education and training programs for invited registered representatives and other employees, client entertainment, client and investor events and other financial intermediary-sponsored events. The Distributor may also provide additional compensation for the provision of sales or intermediary related data and analytics to the Adviser and/or its affiliates.

The Distributor also may hold or sponsor, at its expense, sales events, conferences and programs for employees or associated persons of financial intermediaries and may pay the travel and lodging expenses of attendees. The Distributor also may provide, at its expense, meals and entertainment in conjunction with meetings with financial intermediaries. Other compensation may be offered to the extent not prohibited by applicable federal or state law or regulations, or the rules of any self-regulatory agency, such as FINRA. These payments may vary depending on the nature of the event or the relationship.

For the year ended December 31, 2023, the following is a list of FINRA member firms that received additional payments from the Distributor or an affiliate. Additional payments may also be made to certain other financial intermediaries or other persons that are not FINRA member firms that sell Federated Hermes fund shares or provide services to the Federated Hermes funds and shareholders. These firms are not included in this list. Any additions, modifications or deletions to the member firms identified in this list that have occurred since December 31, 2023, are not reflected. You should ask your financial intermediary or any other person that provides services to you for information about any additional payments it receives from the Distributor.

© 2025 Federated Hermes, Inc.

## How is the Fund Organized?

The Fund is a diversified portfolio of Federated Hermes Money Market Obligations Trust (“Trust”). The Trust is an open-end, management investment company that was established under the laws of the Commonwealth of Massachusetts on October 3, 1988. The Trust may offer separate series of shares representing interests in separate portfolios of securities. The Fund’s investment adviser is Federated Investment Management Company (“Adviser”).

The Board of Trustees (“Board”) has established the following classes of shares of the Fund, known as Institutional Shares, Service Shares, Administrative Shares, Capital Shares, Premier Shares, Cash II Shares, Cash Series Shares, Trust Shares, Select Shares, Advisor Shares and SDG Shares (“Shares”). This SAI relates to all classes of Shares. On August 1, 2019, the Fund’s Class R Shares were redesignated as Select Shares.

Effective June 26, 2020, the Trust changed its name from Money Market Obligations Trust to Federated Hermes Money Market Obligations Trust and the Fund changed its name from Federated Government Obligations Fund to Federated Hermes Government Obligations Fund.

## Securities in Which the Fund Invests

The Fund invests in a portfolio of U.S. Treasury and government securities maturing in 397 days or less, as well as repurchase agreements collateralized fully by U.S. Treasury and government securities. The Fund may also hold cash. The principal securities or other investments in which the Fund invests are described in the Fund’s Prospectus. The Fund also may invest in securities or other investments as non-principal investments for any purpose that is consistent with its investment objective. The following information is either additional information in respect of a principal security or other investment referenced in the Prospectus or information in respect of a non-principal security or other investment (in which case there is no related disclosure in the Prospectus).

### **SECURITIES DESCRIPTIONS AND TECHNIQUES**

#### **Government Securities (A Type of Fixed-Income Security)**

Government securities are issued or guaranteed by a federal agency or instrumentality acting under federal authority. Some government securities, including those issued by the Government National Mortgage Association (“Ginnie Mae”), are supported by the full faith and credit of the United States and are guaranteed only as to the timely payment of interest and principal.

Other government securities receive support through federal subsidies, loans or other benefits, but are not backed by the full faith and credit of the United States. For example, the U.S. Treasury is authorized to purchase specified amounts of securities issued by (or otherwise make funds available to) the Federal Home Loan Bank System, Federal Home Loan Mortgage Corporation (“Freddie Mac”), Federal National Mortgage Association (“Fannie Mae”) and Tennessee Valley Authority in support of such obligations.

Some government agency securities have no explicit financial support and are supported only by the credit of the applicable agency, instrumentality or corporation. The U.S. government has provided financial support to Freddie Mac and Fannie Mae, but there is no assurance that it will support these or other agencies in the future. Investors generally regard government securities as having minimal credit risks, but not as low as Treasury securities.

The Fund treats mortgage-backed securities guaranteed by a federal agency or instrumentality as government securities. Although such a guarantee helps protect against credit risk, it does not eliminate it entirely or reduce other risks.

***Additional Information Related to Freddie Mac and Fannie Mae.*** The extreme and unprecedented volatility and disruption that impacted the capital and credit markets beginning in 2008 led to market concerns regarding the ability of Freddie Mac and Fannie Mae to withstand future credit losses associated with securities held in their investment portfolios, and on which they provide guarantees, without the direct support of the federal government. On September 7, 2008, Freddie Mac and Fannie Mae were placed under the conservatorship of the Federal Housing Finance Agency (FHFA). Under the plan of conservatorship, the FHFA assumed control of, and generally has the power to direct, the operations of Freddie Mac and Fannie Mae, and is empowered to exercise all powers collectively held by their respective shareholders, directors and officers, including the power to: (1) take over the assets of and operate Freddie Mac and Fannie Mae with all the powers of the shareholders, the directors and the officers of Freddie Mac and Fannie Mae and conduct all business of Freddie Mac and Fannie Mae; (2) collect all obligations and money due to Freddie Mac and Fannie Mae; (3) perform all functions of Freddie Mac and Fannie Mae which are consistent with the conservator’s appointment; (4) preserve and conserve the assets and property of Freddie Mac and Fannie Mae; and (5) contract for assistance in fulfilling any function, activity, action or duty of the conservator.

In connection with the actions taken by the FHFA, the Treasury has entered into certain preferred stock purchase agreements (SPAs) with each of Freddie Mac and Fannie Mae which establish the Treasury as the holder of a new class of senior preferred stock in each of Freddie Mac and Fannie Mae. The senior preferred stock was issued in connection with financial contributions from the Treasury to Freddie Mac and Fannie Mae. Although the SPAs are subject to amendment from time to time, currently the Treasury is obligated to provide such financial contributions up to an aggregate maximum amount determined by a formula set forth in the SPAs, and until such aggregate maximum amount is reached, there is not a specific end date to the Treasury's obligations.

The future status and role of Freddie Mac and Fannie Mae could be impacted by (among other things) the actions taken and restrictions placed on Freddie Mac and Fannie Mae by the FHFA in its role as conservator, the restrictions placed on Freddie Mac's and Fannie Mae's operations and activities under the SPAs, market responses to developments at Freddie Mac and Fannie Mae, downgrades or upgrades in the credit ratings assigned to Freddie Mac and Fannie Mae by nationally recognized statistical rating organizations (NRSROs) or ratings services, and future legislative and regulatory action that alters the operations, ownership, structure and/or mission of these institutions, each of which may, in turn, impact the value of, and cash flows on, any securities guaranteed by Freddie Mac and Fannie Mae.

In addition, the future of Freddie Mac and Fannie Mae, and other U.S. government-sponsored enterprises that are not backed by the full faith and credit of the U.S. government (GSEs), remains in question as the U.S. government continues to consider options ranging from structural reform, nationalization, privatization or consolidation, to outright elimination. The issues that have led to significant U.S. government support for Freddie Mac and Fannie Mae have sparked serious debate regarding the continued role of the U.S. government in providing mortgage loan liquidity.

#### **Zero-Coupon Securities (A Type of Fixed-Income Security)**

Certain U.S. Treasury or government securities in which the Fund invests are zero-coupon securities. Zero-coupon securities do not pay interest or principal until final maturity unlike debt securities that provide periodic payments of interest (referred to as a "coupon payment"). Investors buy zero-coupon securities at a price below the amount payable at maturity. The difference between the purchase price and the amount paid at maturity represents interest on the zero-coupon security. Investors must wait until maturity to receive interest and principal, which increases the interest rate and credit risks of a zero-coupon security.

#### **Government Mortgage-Backed Securities (A Type of Fixed-Income Security)**

A government MBS is a type of pass-through security, which is a pooled debt obligation repackaged as interests that pass principal and interest through an intermediary to investors. In the case of government MBS, the ownership interest is issued by a trust and represents participation interests in pools of adjustable and fixed-rate mortgage loans. Government MBS are issued or guaranteed by the U.S. government (or one of its agencies or instrumentalities). Unlike conventional debt obligations, MBS provide monthly payments derived from the monthly interest and principal payments (including any prepayments) made by the individual borrowers on the pooled mortgage loans. Most government MBS make these payments monthly; however, certain MBS are backed by mortgage loans which do not generate monthly payments but rather generate payments less frequently.

Investments in government MBS expose the Fund to interest rate, prepayment and credit risks.

### **OTHER INVESTMENTS, TRANSACTIONS, TECHNIQUES**

#### **Delayed Delivery Transactions**

Delayed delivery transactions, including when issued transactions, are arrangements in which the Fund buys securities for a set price, with payment and delivery of the securities scheduled for a future time. During the period between purchase and settlement, no payment is made by the Fund to the issuer and no interest accrues to the Fund. The Fund records the transaction when it agrees to buy the securities and reflects their value in determining the price of its shares. Settlement dates may be a month or more after entering into these transactions so that the market values of the securities bought may vary from the purchase prices. Therefore, delayed delivery transactions create interest rate risks for the Fund. Delayed delivery transactions also involve credit risks in the event of a counterparty default. The Fund will purchase and sell securities through regular way settlement, so that delivery of the security from the seller to the buyer will occur within the time frame that the securities industry has established for that type of security.

## **Custodial Demand Deposits**

Custodial demand deposits are accounts at banks and financial institutions, including the bank or financial institution acting as the Fund's custodian, from which deposited funds can be withdrawn at any time without notice to the depositary institution. The Fund considers demand deposits, including custodial demand deposits, issued by a U.S. branch of a domestic bank or savings association having capital, surplus and undivided profits in excess of \$100,000,000 at the time of investment to be "cash items." To the extent that any income from a custodial demand deposit account does not qualify as U.S. government income, such income may be taxable for state and/or local purposes. Please consult your tax adviser regarding any federal, state and local tax liability.

## **INTER-FUND BORROWING AND LENDING ARRANGEMENTS**

The Securities and Exchange Commission (SEC) has granted an exemption that permits the Fund and all other funds ("Federated Hermes funds") advised by subsidiaries of Federated Hermes, Inc., ("Federated Hermes," formerly, Federated Investors, Inc.) to lend and borrow money for certain temporary purposes directly to and from other Federated Hermes funds. Participation in this inter-fund lending program is voluntary for both borrowing and lending Federated Hermes funds, and an inter-fund loan is only made if it benefits each participating Federated Hermes fund. Federated Hermes administers the program according to procedures approved by the Fund's Board, and the Board monitors the operation of the program. Any inter-fund loan must comply with certain conditions set out in the exemption, which are designed to assure fairness and protect all participating Federated Hermes funds.

For example, inter-fund lending is permitted only: (a) to meet shareholder redemption requests; (b) to meet commitments arising from "failed" trades; and (c) for other temporary purposes. All inter-fund loans must be repaid in seven days or less. The Fund's participation in this program must be consistent with its investment policies and limitations, and must meet certain percentage tests. Inter-fund loans may be made only when the rate of interest to be charged is more attractive to the lending Federated Hermes fund than market-competitive rates on overnight repurchase agreements ("Repo Rate") and more attractive to the borrowing Federated Hermes fund than the rate of interest that would be charged by an unaffiliated bank for short-term borrowings ("Bank Loan Rate"), as determined by the Board. The interest rate imposed on inter-fund loans is the average of the Repo Rate and the Bank Loan Rate.

## **Investment Risks**

There are many risk factors which may affect an investment in the Fund. The Fund's principal risks are described in its Prospectus. The following information is either additional information in respect of a principal risk factor referenced in the Prospectus or information in respect of a non-principal risk factor applicable to the Fund (in which case there is no related disclosure in the Prospectus).

### **LIQUIDITY RISK**

Liquidity risk is the risk that the Fund will experience significant net redemptions of Fund Shares at a time when it cannot find willing buyers for its portfolio securities or can only sell its portfolio securities at a material loss. An inability to sell portfolio securities may result from adverse market developments or investor perceptions regarding the portfolio securities. While the Fund endeavors to maintain a high level of liquidity in its portfolio so that it can satisfy redemption requests, the Fund's ability to sell portfolio securities can deteriorate rapidly due to credit events affecting particular issuers or credit enhancement providers, or due to general market conditions and a lack of willing buyers.

### **PREPAYMENT AND EXTENSION RISK**

Unlike traditional fixed-income securities, which pay a fixed rate of interest until maturity (when the entire principal amount is due) payments on government mortgage-backed securities include both interest and a partial payment of principal. Partial payment of principal may be comprised of scheduled principal payments as well as unscheduled payments from the voluntary prepayment, refinancing or foreclosure of the underlying loans. These unscheduled prepayments of principal create risks that can adversely affect a fund holding government mortgage-backed securities.

For example, when interest rates decline, the values of government mortgage-backed securities generally rise. However, when interest rates decline, unscheduled prepayments can be expected to accelerate, and the Fund would be required to reinvest the proceeds of the prepayments at the lower interest rates then available. Unscheduled prepayments would also limit the potential for capital appreciation on government mortgage-backed securities.

Conversely, when interest rates rise, the values of government mortgage-backed securities generally fall. Since rising interest rates typically result in decreased prepayments, this could lengthen the average lives of government mortgage-backed securities, and cause their value to decline more than traditional fixed-income securities.

Generally, government mortgage-backed securities compensate for the increased risk associated with prepayments by paying a higher yield. The additional interest paid for risk is measured by the difference between the yield of a government mortgage-backed security and the yield of a U.S. Treasury security or other appropriate benchmark with a comparable maturity (the “spread”). An increase in the spread will cause the price of the government mortgage-backed security to decline. Spreads generally increase in response to adverse economic or market conditions. Spreads may also increase if the security is perceived to have an increased prepayment risk or is perceived to have less market demand.

#### **RISK ASSOCIATED WITH THE INVESTMENT ACTIVITIES OF OTHER ACCOUNTS**

Investment decisions for the Fund are made independently from those of other accounts managed by the Adviser and accounts managed by affiliates of the Adviser. Therefore, it is possible that investment-related actions taken by such other accounts could adversely impact the Fund with respect to, for example, the value of Fund portfolio holdings, and/or prices paid to or received by the Fund on its portfolio transactions, and/or the Fund’s ability to obtain or dispose of portfolio securities. Related considerations are discussed elsewhere in this SAI under “Brokerage Transactions and Investment Allocation.”

#### **LARGE SHAREHOLDER RISK**

A significant percentage of the Fund’s shares may be owned or controlled by a large shareholder, such as other funds or accounts, including those of which the Adviser or an affiliate of the Adviser may have investment discretion. Accordingly, the Fund can be subject to the potential for large scale inflows and outflows as a result of purchases and redemptions made by significant shareholders. These inflows and outflows could be significant and, if frequently occurring, could negatively affect the Fund’s net asset value and performance and could cause the Fund to buy or sell securities at inopportune times in order to meet purchase or redemption requests. Investments in the Fund by other investment companies also can create conflicts of interests for the Adviser to the Fund and the investment adviser to the acquiring fund. For example, a conflict of interest can arise due to the possibility that the investment adviser to the acquiring fund could make a decision to redeem the acquiring fund’s investment in the Fund. In the case of an investment by an affiliated fund, a conflict of interest can arise if, because of the acquiring fund’s investment in the Fund, the Fund is able to garner more assets from third-party investors, thereby growing the Fund and increasing the management fees received by the Adviser, which could also be the investment adviser to the acquiring fund.

#### **CYBERSECURITY AND OPERATIONAL RISK**

Like other funds and business enterprises, Federated Hermes’ business relies on the security and reliability of information and communications technology, systems and networks. Federated Hermes uses digital technology, including, for example, networked systems, email and the Internet, as well as mobile devices and “cloud”-based service offerings, to conduct business operations and engage clients, customers, employees, products, accounts, shareholders and relevant service providers, among others. Federated Hermes, as well as its funds and certain service providers, also generate, compile and process information for purposes of preparing and making filings or reports to governmental agencies, or providing reports or statements to customers, and a cybersecurity attack or incident that impacts that information, or the generation and filing processes, can prevent required regulatory filings and reports from being made, or reports or statements from being delivered, or cause the inadvertent release of confidential information (possibly resulting in the violation of applicable privacy laws). The use of the Internet and other electronic media and technology exposes the Fund, the Fund’s shareholders, and the Fund’s service providers, and their respective operations, to potential risks from cybersecurity attacks or incidents (collectively, “cyber-events”). The work-from-home environment necessitated by the novel coronavirus (“COVID-19”) pandemic has increased the risk of cyber incidents given the increase in cyber attack surface stemming from the use of personal devices and non-office or personal technology.

Cyber-events can result from intentional (or deliberate) attacks or unintentional events by insiders (e.g., employees) or third parties, including cybercriminals, competitors, nation-states and “hacktivists,” among others. Cyber-events can include, for example, phishing, credential harvesting or use of stolen access credentials, unauthorized access to systems, networks or devices (such as, for example, through “hacking” activity), structured query language attacks, infection from or spread of malware, ransomware, computer viruses or other malicious software code, corruption of data, exfiltration of data to malicious sites, the dark web or other locations or threat actors, and attacks (including, but not limited to, denial of service attacks on websites) which shut down, disable, slow, impair or otherwise disrupt operations, business processes, technology, connectivity or website or Internet access, functionality or performance. Like other funds and business enterprises, the Fund and its service providers have experienced, and will continue to experience, cyber-events on a daily basis. In addition to intentional cyber-events, unintentional cyber-events can occur, such as, for example, the inadvertent release of confidential information. Cyber-events can

also be carried out in a manner that does not require gaining unauthorized access, such as causing denial-of-service attacks on the service providers' systems or websites rendering them unavailable to intended users or via "ransomware" that renders the systems inoperable until appropriate actions are taken. To date, cyber-events have not had a material adverse effect on the Fund's business operations or performance.

Cyber-events can affect, potentially in a material way, Federated Hermes' relationships with its customers, employees, products, accounts, shareholders and relevant service providers. Any cyber-event could adversely impact the Fund and its shareholders and cause the Fund to incur financial loss and expense, as well as face exposure to regulatory penalties, reputational damage, damage to employee perceptions of the company, and additional compliance costs associated with corrective measures and credit monitoring for impacted individuals. A cyber-event can cause the Fund, or its service providers, to lose proprietary information, suffer data corruption, lose operational capacity (such as, for example, the loss of the ability to process transactions, generate or make filings or deliver reports or statements, calculate the Fund's NAV, or allow shareholders to transact business or other disruptions to operations), and/or fail to comply with applicable privacy and other laws. Among other potentially harmful effects, cyber-events also can result in theft, unauthorized monitoring and failures in the physical infrastructure or operating systems that support the Fund and its service providers. In addition, cyber-events affecting issuers in which the Fund invests could cause the Fund's investments to lose value.

The Fund's Adviser and its relevant affiliates have established risk management systems reasonably designed to seek to reduce the risks associated with cyber-events. The Fund's Adviser employs various measures aimed at mitigating cybersecurity risk, including, among others, use of firewalls, system segmentation, system monitoring, virus scanning, periodic penetration testing, employee phishing training and an employee cybersecurity awareness campaign. Among other service provider management efforts, Federated Hermes also conducts due diligence on key service providers relating to cybersecurity. Federated Hermes has established a committee to oversee Federated Hermes' information security and data governance efforts, and updates on cyber-events and risks are reviewed with relevant committees, as well as Federated Hermes' and the Fund's Boards of Directors or Trustees (or a committee thereof), on a periodic (generally quarterly) basis (and more frequently when circumstances warrant) as part of risk management oversight responsibilities. However, there is no guarantee that the efforts of Federated Hermes, the Fund's Adviser or its affiliates, or other service providers, will succeed, either entirely or partially as there are limits on Federated Hermes' and the Fund's ability to prevent, detect or mitigate cyber-events. Among other reasons, the cybersecurity landscape is constantly evolving, the nature of malicious cyber-events is becoming increasingly sophisticated and the Fund's Adviser, and its relevant affiliates, cannot control the cyber systems and cybersecurity systems of issuers or third-party service providers.

The Fund can be exposed to operational risk arising from a number of factors, including, but not limited to, human error, processing and communication errors, errors of the Fund's service providers, counterparties, or other third parties, failed or inadequate processes and technology or system failures. In addition, other disruptive events, including, but not limited to, natural disasters and public health crises (such as the COVID-19 pandemic), can adversely affect the Fund's ability to conduct business, in particular if the Fund's employees or the employees of its service providers are unable or unwilling to perform their responsibilities as a result of any such event. Even if the Fund's employees and the employees of its service providers are able to work remotely, those remote work arrangements could result in the Fund's business operations being less efficient than under normal circumstances, could lead to delays in its processing of transactions, and could increase the risk of cyber-events.

## Investment Objective and Investment Limitations

### **FUNDAMENTAL INVESTMENT OBJECTIVE**

The Fund's investment objective is to provide current income consistent with stability of principal. The investment objective may not be changed by the Board without shareholder approval.

### **INVESTMENT LIMITATIONS**

#### **Diversification of Investments**

With respect to securities comprising 75% of the value of its total assets, the Fund will not purchase securities of any one issuer (other than cash; cash items; securities issued or guaranteed by the government of the United States or its agencies or instrumentalities and repurchase agreements collateralized by such U.S. government securities; and securities of other investment companies) if, as a result, more than 5% of the value of its total assets would be invested in securities of that issuer, or the Fund would own more than 10% of the outstanding voting securities of that issuer.

### **Issuing Senior Securities and Borrowing Money**

The Fund may borrow money, directly or indirectly, and issue senior securities to the maximum extent permitted under the Investment Company Act of 1940 (“1940 Act”).

### **Investing in Real Estate**

The Fund may not purchase or sell real estate, provided that this restriction does not prevent the Fund from investing in issuers which invest, deal or otherwise engage in transactions in real estate or interests therein, or investing in securities that are secured by real estate or interests therein. The Fund may exercise its rights under agreements relating to such securities, including the right to enforce security interests and to hold real estate acquired by reason of such enforcement until that real estate can be liquidated in an orderly manner.

### **Investing in Commodities**

The Fund may not purchase or sell physical commodities, provided that the Fund may purchase securities of companies that deal in commodities.

### **Underwriting**

The Fund may not underwrite the securities of other issuers, except that the Fund may engage in transactions involving the acquisition, disposition or resale of its portfolio securities under circumstances where it may be considered to be an underwriter under the Securities Act of 1933.

### **Lending Cash or Securities**

The Fund may not make loans, provided that this restriction does not prevent the Fund from purchasing debt obligations, entering into repurchase agreements, lending its assets to broker/dealers or institutional investors and investing in loans, including assignments and participation interests.

### **Concentration of Investments**

The Fund will not make investments that will result in the concentration of its investments in the securities of issuers primarily engaged in the same industry. Government securities, municipal securities and bank instruments will not be deemed to constitute an industry.

**The above limitations are fundamental and cannot be changed unless authorized by the Board and by the “vote of a majority of the Fund’s outstanding voting securities,” as defined by the 1940 Act, which means the lesser of (a) 67% of the shares of the Fund present or represented by proxy at a meeting if the holders of more than 50% of the outstanding shares are present or represented at the meeting or (b) more than 50% of outstanding shares of the Fund. The following limitations, however, may be changed by the Board without shareholder approval. Shareholders will be notified before any material change in these limitations becomes effective.**

### **Pledging Assets**

The Fund will not mortgage, pledge or hypothecate any of its assets, provided that this shall not apply to the transfer of securities in connection with any permissible borrowing or to collateral arrangements in connection with permissible activities.

### **Purchasing on Margin**

The Fund will not purchase securities on margin, provided that the Fund may obtain short-term credits necessary for the clearance of purchases and sales of securities.

### **Illiquid Securities**

The Fund will not acquire securities that cannot be sold or disposed of in the ordinary course of business within seven days at approximately the value ascribed to them by the Fund if, immediately after the acquisition, the Fund would have invested more than 5% of its total assets in such securities.

### **Additional Information**

As a matter of non-fundamental investment policy regarding certain of the Fund’s investment restrictions, please note the following additional information:

Except with respect to borrowing money, if a percentage limitation is adhered to at the time of investment, a later increase or decrease in percentage resulting from any change in value or net assets will not result in a violation of such limitation. The Fund will not purchase any securities while borrowings in excess of 5% of its total assets are outstanding.

### **Additional Non-Fundamental Policy**

The Fund will operate as a “government money market fund,” as such term is defined in or interpreted under Rule 2a-7 under the 1940 Act (“Rule 2a-7”). “Government money market funds” are required to invest at least 99.5% of their total assets in: (i) cash; (ii) securities issued or guaranteed by the United States or certain U.S. government agencies or instrumentalities; and/or (iii) repurchase agreements that are collateralized fully. Government money market funds are not required to adopt a liquidity fee framework.

### **Non-Fundamental Names Rule Policy**

Under normal conditions, the Fund will invest its assets so that at least 80% of its net assets (plus any borrowings for investment purposes) are invested in government securities and/or repurchase agreements that are collateralized by government securities. The Fund will notify shareholders at least 60 days in advance of any change in this investment policy.

### **REGULATORY COMPLIANCE**

The Fund may follow non-fundamental operational policies that are more restrictive than its fundamental investment limitations, as set forth in the Prospectus and this SAI, in order to comply with applicable laws and regulations, including the provisions of and regulations under the 1940 Act. In particular, the Fund will comply with the various requirements of Rule 2a-7, which regulates money market mutual funds. The Fund may change these operational policies to reflect changes in the laws and regulations without the approval of its shareholders.

## **What Do Shares Cost?**

### **DETERMINING MARKET VALUE OF SECURITIES**

The Board has decided that the best method for determining the value of portfolio instruments is amortized cost. The amortized cost method of valuation generally prescribes that an investment is valued at its acquisition cost as adjusted daily for amortization of premium or accretion of discount to the specified redemption value on the nearest call, demand or maturity date, as appropriate. The Fund uses this adjusted cost to value the investment.

Accordingly, neither the amount of daily income nor the net asset value (NAV) is affected by any unrealized appreciation or depreciation of the portfolio. In periods of declining interest rates, the indicated daily yield on Shares of the Fund, computed by dividing the annualized daily income on the Fund’s portfolio by the NAV, computed as above, may tend to be higher than a similar computation made by using a method of valuation based upon market prices and estimates. In periods of rising interest rates, the opposite may be true. A low or negative interest rate environment impacts, in a negative way, the Fund’s ability to provide a positive return, or yield, to its shareholders, pay expenses out of current income, and/or achieve its investment objective, including maintaining a stable NAV of \$1.00 per share.

The Fund’s use of the amortized cost method of valuing portfolio instruments depends on its compliance with certain conditions in the Rule. Under the Rule, the Board must establish procedures reasonably designed to stabilize the NAV per Share, as computed for purposes of distribution and redemption, at \$1.00 per Share, taking into account current market conditions and the Fund’s investment objective. The procedures include monitoring the relationship between the amortized cost value per Share and the NAV per Share based upon available indications of market value. The Board will decide what, if any, steps should be taken if there is a difference of more than 0.5 of 1% between the two values. The Board will take any steps it considers appropriate (such as redemption in-kind or shortening the average portfolio maturity) to minimize any material dilution or other unfair results arising from differences between the two methods of determining NAV.

## **How is the Fund Sold?**

Under the Distributor’s Contract with the Fund, the Distributor (“Federated Securities Corp.”) offers Shares on a continuous, best-efforts basis.

### **RULE 12b-1 PLAN (CS CLASS, CII CLASS, ADM CLASS AND TR CLASS)**

As a compensation-type plan, the Rule 12b-1 Plan is designed to pay the Distributor for activities principally intended to result in the sale of Shares such as advertising and marketing of Shares (including printing and distributing prospectuses and sales literature to prospective shareholders and financial intermediaries) and providing incentives to financial intermediaries to sell Shares. The Plan is also designed to cover the cost of administrative services performed in conjunction with the sale of Shares, including, but not limited to, shareholder services, recordkeeping services and educational services, as well as the costs of

implementing and operating the Plan. The Rule 12b-1 Plan allows the Distributor to contract with financial intermediaries to perform activities covered by the Plan. The Rule 12b-1 Plan is expected to benefit the Fund in a number of ways. For example, it is anticipated that the Plan will help the Fund attract and retain assets, thus providing cash for orderly portfolio management and Share redemptions and possibly helping to stabilize or reduce other operating expenses.

In addition, the Plan is integral to the multiple class structure of the Fund, which promotes the sale of Shares by providing a range of options to investors. The Fund's service providers that receive asset-based fees also benefit from stable or increasing Fund assets.

The Fund may compensate the Distributor more or less than its actual marketing expenses. In no event will the Fund pay for any expenses of the Distributor that exceed the maximum Rule 12b-1 Plan fee.

For some classes of shares, the maximum Rule 12b-1 Plan fee that can be paid in any one year may not be sufficient to cover the marketing-related expenses the Distributor has incurred. Therefore, it may take the Distributor a number of years to recoup these expenses.

Regarding the Fund's ADM class, the Board of Trustees has adopted a Plan that permits the ADM class of the Fund to accrue, pay and incur a Rule 12b-1 Plan Fee of up to a maximum amount of 0.10%, or some lesser amount as the Board of Trustees will approve from time to time. The ADM class of the Fund will not accrue, pay or incur more than 0.05% of any such Rule 12b-1 Plan fees until such time as approved by the Fund's Board of Trustees.

#### **ADDITIONAL PAYMENTS TO FINANCIAL INTERMEDIARIES**

The Distributor may pay out of its own resources amounts to certain financial intermediaries, including broker-dealers, banks, registered investment advisers, independent financial planners and retirement plan administrators. In some cases, such payments may be made by, or funded from the resources of, companies affiliated with the Distributor (including the Adviser). While Financial Industry Regulatory Authority, Inc. (FINRA) regulations limit the sales charges that you may bear, there are no limits with regard to the amounts that the Distributor may pay out of its own resources. In addition to the payments which are generally described herein and in the Prospectus, the financial intermediary also may receive Service Fees. In connection with these payments, the financial intermediary may elevate the prominence or profile of the Fund and/or other Federated Hermes funds within the financial intermediary's organization by, for example, placement on a list of preferred or recommended funds and/or granting the Distributor preferential or enhanced opportunities to promote the funds in various ways within the financial intermediary's organization. The same financial intermediaries may receive payments under more than one or all categories. These payments assist in the Distributor's efforts to support the sale of Shares. These payments are negotiated and may be based on such factors as: the number or value of Shares that the financial intermediary sells or may sell; the value of client assets invested; the level and types of services or support furnished by the financial intermediary; or the Fund's and/or other Federated Hermes funds' relationship with the financial intermediary. Not all financial intermediaries receive such payments and the amount of compensation may vary by intermediary. You should ask your financial intermediary for information about any payments it receives from the Distributor or the Federated Hermes funds and any services it provides, as well as the fees and/or commissions it charges.

Regarding the Fund's IS Shares, the IS Shares of the Fund currently do not accrue, pay or incur shareholder services/account administration fees in excess of 0.05%, although the Board of Trustees has approved the IS Shares of the Fund to accrue, pay and incur such fees in amounts up to a maximum amount of 0.25%, or some lesser amount as the Board of Trustees shall approve from time to time. The IS Shares of the Fund will not incur or charge such fees in excess of 0.05% until such time as approved by the Fund's Board of Trustees.

Regarding the Fund's SEL Shares, the SEL Shares of the Fund currently do not accrue, pay or incur shareholder services/account administration fees in excess of 0.02%, although the Board of Trustees has approved the SEL Shares of the Fund to accrue, pay and incur such fees in amounts up to a maximum amount of 0.25%, or some lesser amount as the Board of Trustees shall approve from time to time. The SEL Shares of the Fund will not incur or charge such fees in excess of 0.02% until such time as approved by the Fund's Board of Trustees.

Regarding the Fund's PRM Shares and AVR Shares, the PRM Shares and AVR Shares of the Fund currently do not accrue, pay or incur any shareholder services/account administration fees, although the Board of Trustees has approved the PRM Shares and AVR Shares of the Fund to accrue, pay and incur such fees in amounts up to a maximum amount of 0.25%, or some lesser amount as the Board of Trustees shall approve from time to time. The PRM Shares and AVR Shares of the Fund will not accrue, pay or incur such fees until such time as approved by the Fund's Board of Trustees.

The categories of additional payments are described below.

### **Supplemental Payments**

The Distributor may make supplemental payments to certain financial intermediaries that are holders or dealers of record for accounts in one or more of the Federated Hermes funds. These payments may be based on such factors as: the number or value of Shares the financial intermediary sells or may sell; the value of client assets invested; or the type and nature of services or support furnished by the financial intermediary.

### **Processing Support Payments**

The Distributor may make payments to certain financial intermediaries that offer Federated Hermes investment companies to help offset their costs associated with client account maintenance support, statement processing and transaction processing. The types of payments that the Distributor may make under this category include, but are not limited to: payment of ticket charges on a per-transaction basis; payment of networking fees; and payment for ancillary services such as setting up funds on the financial intermediary's mutual fund trading system.

### **Retirement Plan Program Servicing Payments**

The Distributor may make payments to certain financial intermediaries who sell Federated Hermes fund shares through retirement plan programs. A financial intermediary may perform retirement plan program services itself or may arrange with a third party to perform retirement plan program services. In addition to participant recordkeeping, reporting or transaction processing, retirement plan program services may include: services rendered to a plan in connection with fund/investment selection and monitoring; employee enrollment and education; plan balance rollover or separation; or other similar services.

### **Marketing Support Payments**

From time to time, the Distributor, at its expense, may provide additional compensation to financial intermediaries that sell or arrange for the sale of Shares. Such compensation, provided by the Distributor, may include reimbursement of transaction costs, and financial assistance to financial intermediaries that enable the Distributor to participate in or present at conferences or seminars, sales or training programs for invited registered representatives and other employees, client entertainment, client and investor events and other financial intermediary-sponsored events. The Distributor may also provide additional compensation to financial intermediaries for services rendered in connection with technology and programming set-up, platform development and maintenance or similar services and for the provision of sales-related data to the Adviser and/or its affiliates.

The Distributor also may hold or sponsor, at its expense, sales events, conferences and programs for employees or associated persons of financial intermediaries and may pay the travel and lodging expenses of attendees. The Distributor also may provide, at its expense, meals and entertainment in conjunction with meetings with financial intermediaries. Other compensation may be offered to the extent not prohibited by applicable federal or state law or regulations, or the rules of any self-regulatory agency, such as FINRA. These payments may vary depending on the nature of the event or the relationship.

For the year ended December 31, 2023, the following is a list of FINRA member firms that received additional payments from the Distributor or an affiliate. Additional payments may also be made to certain other financial intermediaries that are not FINRA member firms that sell Federated Hermes fund shares or provide services to the Federated Hermes funds and shareholders. These firms are not included in this list. Any additions, modifications or deletions to the member firms identified in this list that have occurred since December 31, 2023, are not reflected. You should ask your financial intermediary for information about any additional payments it receives from the Distributor.

## In-Kind Purchase and Redemption

You may contact the Distributor to request a purchase of Shares using securities you own. The Fund reserves the right to determine whether to accept your securities and the minimum market value to accept. The Fund will value your securities in the same manner as it values its assets in determining the market value of the portfolio. An in-kind purchase may be treated as a sale of your securities for federal tax purposes; please consult your tax adviser regarding potential tax liability.

The Fund intends to pay Share redemptions in cash. Because the Fund has elected to be governed by Rule 18f-1 under the 1940 Act, the Fund is obligated to pay Share redemptions in cash to any one shareholder up to the lesser of \$250,000 or 1% of its NAV during any 90-day period.

The Fund will generally also pay redemptions over these amounts in cash. Nevertheless, the Fund continues to reserve the right to pay redemptions over these amounts partially or entirely in-kind. If the Fund determines to pay redemptions in-kind, the Fund will pay all or a portion of the remainder of the redemption in portfolio securities, which will be valued in the same way as the Fund determines its NAV.

## Massachusetts Partnership Law

Under Massachusetts law, shareholders could, under certain circumstances, be held personally liable for the obligations of the Trust. The Declaration of Trust provides that no shareholder or former shareholder, merely by reason of his or her being or having been a shareholder, will be subject to any personal liability in connection with Trust property or the affairs of the Trust.

In the unlikely event a shareholder or former shareholder is held personally liable for the Trust's obligations, such shareholder will be entitled, out of the assets belonging to the applicable series, to be indemnified against all claims and reimbursed for all reasonably incurred expenses in connection with such claims. On request, the Trust will defend any claim made and pay any judgment against a shareholder from the assets belonging to the relevant series.

## Share Information

### **ORGANIZATION, CAPITALIZATION, VOTING RIGHTS AND OTHER MATTERS**

The Trust is a Massachusetts business trust established under a Declaration of Trust dated October 3, 1988, as amended and restated November 11, 2015. The Trust's Declaration of Trust may be amended at any time by a majority of the Trustees. Under the Declaration of Trust, the Trustees have the authority to create and classify shares of beneficial interest in separate series and classes without further action by shareholders. Each series and class thereof may issue an unlimited number of shares of beneficial interest, with no par value. Shares of each series represent equal proportionate interests in the assets of that series only and have identical voting, dividend, redemption, liquidation and other rights of shares in the same series except that expenses allocated to a class may be borne solely by such class as determined by the Trustees and a class may have exclusive voting rights with respect to matters affecting only that class. Shares entitle their holders to one vote per share (and fractional votes for fractional shares), are freely transferable and, except as specifically provided by the Trustees, have no preference, preemptive, appraisal, exchange, subscription or conversion rights. All shares issued are fully paid and non-assessable. In the event of a liquidation or termination of a series, each shareholder is entitled to receive his pro rata share of the net assets of that series.

It is not anticipated that the Trust will hold shareholders' meetings unless required by law or the Declaration of Trust. The Board will call special meetings of shareholders of the Trust, a series or class thereof only if required under the 1940 Act, in their discretion, or upon the written request of holders of 10% or more of the outstanding shares of the Trust or of the relevant series or class, entitled to vote at such meeting.

The Declaration of Trust provides that the Trustees may redeem shares in certain circumstances, such as when a shareholder does not meet the qualifications for ownership of a particular series or class, or when such redemptions are required to comply with applicable laws and regulations. The Declaration of Trust also provides that the Board may, without shareholder approval unless required by the 1940 Act, cause the Trust or any series or class to dissolve, convert, merge, consolidate, reorganize, sell all or any part of its assets, provided that the surviving or resulting entity is an open-end management investment company under the 1940 Act, or a series thereof. The Trust or any series or class may be terminated at any time by the Trustees by written notice to the shareholders.

### **SHAREHOLDERS OF THE FUND**

As of September 5, 2024, the following shareholders owned of record, beneficially, or both, 5% or more of outstanding Select Shares: PNC Capital Markets LLC, Pittsburgh, PA, owned approximately 321,844,096 Shares (28.88%); Zions First National Bank, Salt Lake City, UT, owned approximately 238,021,182 Shares (21.35%); J. Pershing LLC is organized in the State of Delaware and is a wholly owned subsidiary of The Bank of New York Mellon Corporation, which is organized in the State of Delaware.

JPMS is organized in the State of Delaware.

## Tax Information

### **FEDERAL INCOME TAX**

The Fund intends to meet requirements of Subchapter M of the Internal Revenue Code (the “Code”) applicable to regulated investment companies. If these requirements are not met, it will not receive special tax treatment and will be subject to federal corporate income tax.

The Fund is entitled to a loss carryforward, which may reduce the taxable income or gain that the Fund would realize, and to which the shareholder would be subject, in the future.

The Fund will be treated as a single, separate entity for federal income tax purposes so that income earned and capital gains and losses realized by the Trust’s other portfolios will be separate from those realized by the Fund.

## Who Manages and Provides Services to the Fund?

### **BOARD OF TRUSTEES**

The Board of Trustees is responsible for managing the Trust’s business affairs and for exercising all the Trust’s powers except those reserved for the shareholders. The following tables give information about each Trustee and the senior officers of the Fund. Where required, the tables separately list Trustees who are “interested persons” of the Fund (i.e., “Interested” Trustees) and those who are not (i.e., “Independent” Trustees). Unless otherwise noted, the address of each person listed is 1001 Liberty Avenue, Pittsburgh, PA 15222-3779. The address of all Independent Trustees listed is 4000 Ericsson Drive, Warrendale, PA 15086-7561; Attention: Mutual Fund Board. As of December 31, 2023, the Trust comprised 16 portfolios, and the Federated Hermes Complex consisted of 33 investment companies (comprising 101 portfolios). Unless otherwise noted, each Officer is elected annually. Unless otherwise noted, each Trustee oversees all portfolios in the Federated Hermes Complex and serves for an indefinite term.

As of September 5, 2024, the Fund’s Board and Officers as a group owned less than 1% of each class of the Fund’s outstanding Shares.

### **QUALIFICATIONS OF INDEPENDENT TRUSTEES**

Individual Trustee qualifications are noted in the “Independent Trustees Background and Compensation” chart. In addition, the following characteristics are among those that were considered for each existing Trustee and will be considered for any Nominee Trustee.

- Outstanding skills in disciplines deemed by the Independent Trustees to be particularly relevant to the role of Independent Trustee and to the Federated Hermes funds, including legal, accounting, business management, the financial industry generally and the investment industry particularly.
- Desire and availability to serve for a substantial period of time, taking into account the Board’s current mandatory retirement age of 75 years.
- No conflicts which would interfere with qualifying as independent.
- Appropriate interpersonal skills to work effectively with other Independent Trustees.
- Understanding and appreciation of the important role occupied by Independent Trustees in the regulatory structure governing regulated investment companies.
- Diversity of background.

\* Officers do not receive any compensation from the Fund.

In addition, the Fund has appointed an Anti-Money Laundering Compliance Officer.

## DIRECTOR/TRUSTEE EMERITUS PROGRAM

The Board has created a position of Director/Trustee Emeritus, whereby an incumbent Director/Trustee who has attained the age of 75 and completed a minimum of five years of service as a director/trustee, may, in the sole discretion of the Committee of Independent Directors/Trustees (“Committee”), be recommended to the full Board of Directors/Trustees of the Fund to serve as Director/Trustee Emeritus.

A Director/Trustee Emeritus that has been approved as such receives an annual fee in an amount equal to a percent of the annual base compensation paid to a Director/Trustee. In the case of a Director/Trustee Emeritus who had previously served at least five years but less than 10 years as a Director/Trustee, the percent will be 10%. In the case of a Director/Trustee Emeritus who had previously served at least 10 years as a Director/Trustee, the percent will be 20%. The Director/Trustee Emeritus will be reimbursed for any expenses incurred in connection with their service, including expenses of travel and lodging incurred in attendance at Board meetings. Director/Trustee Emeritus will continue to receive relevant materials concerning the Funds, will be expected to attend at least one regularly scheduled quarterly meeting of the Board of Directors/Trustees each year and will be available to consult with the Committees or its representatives at reasonable times as requested by the Chairman; however, a Director/Trustee Emeritus does not have any voting rights at Board meetings and is not subject to election by shareholders of the Funds.

The Director/Trustee Emeritus will be permitted to serve in such capacity at the pleasure of the Committee, but the annual fee will cease to be paid at the end of the calendar year during which he or she has attained the age of 80 years, thereafter the position will be honorary.

The following table shows the fees paid to each Director/Trustee Emeritus for the Fund's most recently ended fiscal year and the portion of that fee paid by the Fund or Corporation/Trust.<sup>1</sup>

#### **EMERITUS TRUSTEES AND COMPENSATION**

Director/Trustee Emeritus	Compensation From the Fund (past fiscal year)	Total Compensation Paid to Director/Trustee Emeritus <sup>1</sup> (past calendar year)
John T. Collins <sup>2</sup>	\$ 9,960.48	\$ 0.00
Charles F. Mansfield, Jr.	\$19,935.50	\$60,000

1 The fees paid to a Director/Trustee are allocated among the funds that were in existence at the time the Director/Trustee elected Emeritus status, based on each fund's net assets at that time.

2 John T. Collins retired from the Federated Hermes Funds Board of Directors/Trustees on December 31, 2023. Mr. Collins was appointed as Emeritus Director/Trustee on February 15, 2024, to become retroactively effective as of January 1, 2024. Until December 31, 2023, Mr. Collins was compensated as a Director/Trustee of the Fund and was paid \$385,000 for his service to the Federated Hermes Funds for the calendar year ended December 31, 2023.

#### **BOARD LEADERSHIP STRUCTURE**

As required under the terms of certain regulatory settlements, the Chairman of the Board is not an interested person of the Fund and neither the Chairman, nor any firm with which the Chairman is affiliated, has a prior relationship with Federated Hermes or its affiliates or (other than his position as a Trustee) with the Fund.

#### **COMMITTEES OF THE BOARD**

Board Committee	Committee Members	Committee Functions	Meetings Held During Last Fiscal Year
Executive	J. Christopher Donahue G. Thomas Hough John S. Walsh	In between meetings of the full Board, the Executive Committee generally may exercise all the powers of the full Board in the management and direction of the business and conduct of the affairs of the Trust in such manner as the Executive Committee shall deem to be in the best interests of the Trust. However, the Executive Committee cannot elect or remove Board members, increase or decrease the number of Trustees, elect or remove any Officer, declare dividends, issue shares or recommend to shareholders any action requiring shareholder approval.	One
Audit	Maureen Lally-Green Thomas M. O'Neill P. Jerome Richey John S. Walsh	The purposes of the Audit Committee are to oversee the accounting and financial reporting process of the Fund, the Fund's internal control over financial reporting and the quality, integrity and independent audit of the Fund's financial statements. The Committee also oversees or assists the Board with the oversight of compliance with legal requirements relating to those matters, approves the engagement and reviews the qualifications, independence and performance of the Fund's independent registered public accounting firm, acts as a liaison between the independent registered public accounting firm and the Board and reviews the Fund's internal audit function.	Seven

Board Committee	Committee Members	Committee Functions	Meetings Held During Last Fiscal Year
<b>Nominating</b>	John G. Carson G. Thomas Hough Maureen Lally-Green Thomas M. O'Neill Madelyn A. Reilly P. Jerome Richey John S. Walsh	The Nominating Committee, whose members consist of all Independent Trustees, selects and nominates persons for election to the Fund's Board when vacancies occur. The Committee will consider candidates recommended by shareholders, Independent Trustees, officers or employees of any of the Fund's agents or service providers and counsel to the Fund. Any shareholder who desires to have an individual considered for nomination by the Committee must submit a recommendation in writing to the Secretary of the Fund, at the Fund's address appearing on the back cover of this SAI. The recommendation should include the name and address of both the shareholder and the candidate and detailed information concerning the candidate's qualifications and experience. In identifying and evaluating candidates for consideration, the Committee shall consider such factors as it deems appropriate. Those factors will ordinarily include: integrity, intelligence, collegiality, judgment, diversity, skill, business and other experience, qualification as an "Independent Trustee," the existence of material relationships which may create the appearance of a lack of independence, financial or accounting knowledge and experience and dedication and willingness to devote the time and attention necessary to fulfill Board responsibilities.	Three

## BOARD'S ROLE IN RISK OVERSIGHT

The Board's role in overseeing the Fund's general risks includes receiving performance reports for the Fund and risk management reports from Federated Hermes' Chief Risk Officer at each regular Board meeting. The Chief Risk Officer is responsible for enterprise risk management at Federated Hermes, which includes risk management committees for investment management and for investor services. The Board also receives regular reports from the Fund's Chief Compliance Officer regarding significant compliance risks.

On behalf of the Board, the Audit Committee plays a key role overseeing the Fund's financial reporting and valuation risks. The Audit Committee meets regularly with the Fund's Principal Financial Officer and outside auditors, as well as with Federated Hermes' Chief Audit Executive to discuss financial reporting and audit issues, including risks relating to financial controls.

## BOARD OWNERSHIP OF SHARES IN THE FUND AND IN THE FEDERATED HERMES FAMILY OF INVESTMENT COMPANIES AS OF DECEMBER 31, 2023

Interested Board Member Name	Dollar Range of Shares Owned in Federated Hermes Government Obligations Fund	Aggregate Dollar Range of Shares Owned in Federated Hermes Family of Investment Companies
J. Christopher Donahue	None	Over \$100,000
Thomas R. Donahue	None	Over \$100,000
<b>Independent Board Member Name</b>		
John G. Carson	None	None
G. Thomas Hough	None	Over \$100,000
Maureen Lally-Green	None	Over \$100,000
Thomas M. O'Neill	None	Over \$100,000
Madelyn A. Reilly	None	Over \$100,000
P. Jerome Richey	None	Over \$100,000
John S. Walsh	None	Over \$100,000

## INVESTMENT ADVISER

The Adviser conducts investment research and makes investment decisions for the Fund.

The Adviser is a wholly owned subsidiary of Federated Hermes.

The Adviser shall not be liable to the Trust or any Fund shareholder for any losses that may be sustained in the purchase, holding or sale of any security or for anything done or omitted by it, except acts or omissions involving willful misfeasance, bad faith, gross negligence or reckless disregard of the duties imposed upon it by its contract with the Trust.

In December 2017, Federated Investors, Inc., now Federated Hermes, became a signatory to the Principles for Responsible Investment (PRI). The PRI is an investor initiative in partnership with the United Nations Environment Programme Finance Initiative and the United Nations Global Compact. Commitments made as a signatory to the PRI are not legally binding, but are voluntary and aspirational. They include efforts, where consistent with our fiduciary responsibilities, to incorporate environmental, social and corporate governance (ESG) issues into investment analysis and investment decision making, to be active owners and incorporate ESG issues into our ownership policies and practices, to seek appropriate disclosure on ESG issues by the entities in which we invest, to promote acceptance and implementation of the PRI within the investment industry, to enhance our effectiveness in implementing the PRI, and to report on our activities and progress towards implementing the PRI. Being a signatory to the PRI does not obligate Federated Hermes to take, or not take, any particular action as it relates to investment decisions or other activities.

In July 2018, Federated Investors, Inc., now Federated Hermes, acquired a majority interest in Federated Hermes Limited (FHL) (formerly, Hermes Fund Managers Limited), a pioneer of integrated ESG investing. Federated Hermes now owns 100% of FHL. FHL's experience with ESG issues contributes to Federated Hermes' understanding of material risks and opportunities these issues may present.

EOS at Federated Hermes, which was established as Hermes Equity Ownership Services Limited (EOS) in 2004 as an affiliate of FHL and Hermes Investment Management Limited, is a 50+ member engagement and stewardship team that conducts long-term, objectives-driven dialogue with board and senior executive level representatives of approximately 1,000 unique issuers annually. It seeks to address the most material ESG risks and opportunities through constructive and continuous discussions with the goal of improving long-term results for investors. Engagers' deep understanding across sectors, themes and regional markets, along with language and cultural expertise, allows EOS to provide insights to companies on the merits of addressing ESG risks and the positive benefits of capturing opportunities. Federated Hermes investment management teams have access to the insights gained from understanding a company's approach to these long-term strategic matters as an additional input to improve portfolio risk/return characteristics.

#### **SDG Shares**

With respect to the Fund's SDG Shares (SDG), which commenced operations on March 30, 2022, Federated Hermes, Inc. ("Federated Hermes," formerly, Federated Investors, Inc.) and/or its affiliates will donate 5% of the quarterly management fee revenue and administrative fee revenue attributable to the SDG class, net of any waivers ("net class revenue"), to a designated organization whose mission is aligned with one or more of the United Nations Sustainable Development Goals (UN SDGs). These 17 UN SDGs seek to advance a shared vision and to accelerate responses to global challenges in order to build more equal, inclusive and sustainable economies and societies. Federated Hermes expects to make the contribution at least quarterly and will retain the right to designate the organization or organizations and the sole discretion to increase, decrease or terminate the contribution at any time. Federated Hermes and/or its affiliates' donation of an amount equal to a percentage of the quarterly net class revenue to a designated organization may result in a tax benefit for Federated Hermes and/or its affiliates.

#### **Services Agreement**

Federated Advisory Services Company, an affiliate of the Adviser, provides certain support services to the Adviser. The fee for these services is paid by the Adviser and not by the Fund.

#### **Other Related Services**

Affiliates of the Adviser may, from time to time, provide certain electronic equipment and software to institutional customers in order to facilitate the purchase of Fund Shares offered by the Distributor.

#### **CODE OF ETHICS RESTRICTIONS ON PERSONAL TRADING**

As required by Rule 17j-1 of the Investment Company Act of 1940 and Rule 204A-1 under the Investment Advisers Act (as applicable), the Fund, its Adviser and its Distributor have adopted codes of ethics. These codes govern securities trading activities of investment personnel, Fund Trustees and certain other employees. Although they do permit these people to trade in securities, including those that the Fund could buy, as well as Shares of the Fund, they also contain significant safeguards designed to protect the Fund and its shareholders from abuses in this area, such as requirements to obtain prior approval for, and to report, particular transactions.

## **VOTING PROXIES ON FUND PORTFOLIO SECURITIES**

The Board has delegated to the Adviser authority to vote proxies on the securities held in the Fund's portfolio. The Board has also approved the Adviser's policies and procedures for voting the proxies, which are described below.

### **Proxy Voting Policies**

As an investment adviser with a fiduciary duty to the Fund and its shareholders, the Adviser's general policy is to cast proxy votes in favor of management proposals and shareholder proposals that the Adviser anticipates will enhance the long-term value of the securities being voted in a manner that is consistent with the investment objectives of the Fund. Generally, this will mean voting for proposals that the Adviser believes will improve the management of a company, increase the rights or preferences of the voted securities, or increase the chance that a premium offer would be made for the company or for the voted securities. This approach to voting proxy proposals will be referred to hereafter as the "General Policy."

The Adviser generally votes consistently on the same matter when securities of an issuer are held by multiple client portfolios. However, the Adviser may vote differently if a client's investment objectives differ from those of other clients or if a client explicitly instructs the Adviser to vote differently.

The following examples illustrate how the General Policy may apply to the most common management proposals and shareholder proposals. However, whether the Adviser supports or opposes a proposal will always depend on a thorough understanding of the Fund's investment objectives and the specific circumstances described in the proxy statement and other available information.

### **Corporate Governance**

On matters related to the board of directors, generally, the Adviser will vote to elect nominees to the board in uncontested elections except in certain circumstances, such as where the director: (1) had not attended at least 75% of the board meetings during the previous year; (2) serves as the company's chief financial officer, unless the company is headquartered in the UK where this is market practice; (3) has become overboarded (more than five boards for retired executives and more than two boards for CEOs); (4) is a non-independent, non-executive director on the board of a U.S. domestic issuer where less than two-thirds of the directors are independent; (5) is a non-independent, non-executive director on the board of a foreign issuer where less than half of the directors are independent; (6) is a non-independent member of the audit committee; (7) is the chair of the nominating or governance committee when the roles of chairman of the board and CEO are combined and there is no lead independent director; (8) served on the compensation committee during a period in which compensation appears excessive relative to performance and peers; or (9) served on a board that did not implement a shareholder proposal that the Adviser supported and received more than 50% shareholder support the previous year.

In addition, the Adviser will generally vote in favor of: (10) a full slate of directors, where the directors are elected as a group and not individually, unless more than half of the nominees are not independent; (11) shareholder proposals to declassify the board of directors; (12) shareholder proposals to require a majority voting standard in the election of directors; (13) shareholder proposals to separate the roles of chairman of the board and CEO; (14) a proposal to require a company's audit committee to be comprised entirely of independent directors; and (15) shareholder proposals to eliminate supermajority voting requirements in company bylaws.

On other matters of corporate governance, generally, the Adviser will vote: (1) in favor of proposals to grant shareholders the right to call a special meeting if owners of at least 10% of the outstanding stock agree; (2) on a case-by-case basis for shareholder proposals to grant shareholders the right to act by written consent when the company does not already grant shareholders the right to call a special meeting; (3) on a case-by-case basis for proposals to adopt or amend shareholder rights plans (also known as "poison pills"); and (4) in favor of shareholder proposals calling for "Proxy Access," that is, a bylaw change allowing shareholders owning at least 3% of the outstanding common stock for at least three years to nominate candidates for election to the board of directors.

Generally, the Adviser will vote every shareholder proposal of an environmental or social nature on a case-by-case basis. The quality of these shareholder proposals varies widely across markets. Similarly, company disclosures of their business practices related to environmental and social risks are not always adequate for investors to make risk assessments. Thus, the Adviser places great importance on company-specific analyses to determine how to vote. Above all, the Adviser will vote in a manner that would enhance the long-term value of the investment within the framework of the client's investment objectives.

### **Shareholder Proposals on Environmental and Social Issues**

The Adviser's general approach to analyzing these proposals calls for considering the language of the written proposal, the financial materiality of the proposal's objective and the practices followed by industry peers. This analysis utilizes research reports from the Adviser's proxy advisors, company filings, as well as reports published by the company and other outside organizations.

With respect to specific categories of proposals:

#### **Environmental**

The Adviser will generally support proposals calling for enhanced reporting on the company's business practices, including policies, strategic initiatives and oversight mechanisms, related to environmental risks. To reach a final voting decision, we will take into consideration:

- The company's current level of publicly available disclosure.
- Whether the company has formally committed to implementation of a reporting program based on frameworks such as the SASB materiality standards or the TCFD recommendations.
- Whether the company's current level of disclosure is comparable to that of industry peers; and
- Whether there are significant controversies or litigation associated with the company's environmental performance.

#### **Social**

The Adviser will generally support resolutions in the social category when they call for measures to enhance disclosure that would enable investors to make better risk assessments of the company's social issues, such as their human capital management practices. We will generally oppose proposals calling for a change in the company's product line or methods of distribution.

#### **Political Activities**

The Adviser will generally support enhanced disclosure of policies, practices and oversight of corporate political activity when the current level of disclosure falls short of disclosure provided by industry peers. We will oppose proposals prohibiting the company's participation in any part of the political process, such as making political contributions and joining trade associations.

#### **Capital Structure**

On matters of capital structure, generally, the Adviser will vote proxies for U.S. issuers on a case-by-case basis for proposals to authorize the issuance of new shares if not connected to an M&A transaction and the potential dilution is more than 10%, against proposals to create multiple-class voting structures where one class has superior voting rights to the other classes, in favor of proposals to authorize reverse stock splits unless the amount of authorized shares is not also reduced proportionately. Generally, the Adviser will vote proxies for non-U.S. issuers in favor of proposals to authorize issuance of shares with and without pre-emptive rights unless the size of the authorities would threaten to unreasonably dilute existing shareholders.

#### **Executive Compensation**

Votes on executive compensation come in many forms, including advisory votes on U.S. executive compensation plans ("Say On Pay"), advisory and binding votes on the design or implementation of non-U.S. executive remuneration plans and votes to approve new equity plans or amendments to existing plans. Generally, the Adviser will support compensation arrangements that are aligned with the client's long-term investment objectives.

With respect to specific categories of proposals:

#### **Say on Pay**

The Adviser will generally vote in favor of these proposals unless the plan has failed to align executive compensation with corporate performance, or the design of the plan is likely to lead to misalignment in the future. We support the principle of an annual shareholder vote on executive pay and will generally vote accordingly on proposals which set the frequency of the Say On Pay vote.

#### **Remuneration Policy**

In some markets, shareholders are provided a vote on the remuneration policy, which sets out the structural elements of a company's executive compensation plan on a forward-looking basis. The Adviser will generally support these proposals unless:

- The design of the remuneration policy fails to appropriately link executive compensation with corporate performance.
- Total compensation appears excessive relative to the company's industry peer group considering local market dynamics; or
- There is insufficient disclosure to enable an informed judgment, particularly as it relates to the disclosure of the maximum amounts of compensation that may be awarded.

## **Remuneration Report**

Markets with remuneration policy proposals typically also have proposals asking shareholders to approve the annual remuneration report. The remuneration report provides shareholders with details concerning the implementation in the previous year of the remuneration policy. The Adviser will generally support these proposals unless the level of disclosure is not sufficient to permit an evaluation of the company's pay practices in the period covered by the report. A vote against the remuneration policy, which in most markets is not an annual voting item, would not necessarily result in votes against the remuneration report at subsequent shareholder meetings.

## **Equity Plans**

The Adviser will generally vote in favor of equity plan proposals unless they:

- Result in unreasonable dilution to existing shareholders.
- Permit replacement of "underwater" options with new options on more favorable terms for the recipient; or
- Omit the criteria for determining the granting or vesting of awards.

## **M&A Activity**

On matters relating to corporate transactions, the Adviser will generally vote in favor of mergers, acquisitions, and sales of assets if the Adviser's analysis of the proposed business strategy and the transaction price would have a positive impact on the total return for shareholders.

## **Contested Elections**

If a shareholders meeting is contested – that is, shareholders are presented with a set of director candidates nominated by company management and a set of director candidates nominated by a dissident shareholder – the Adviser will study the proposed business strategies of both groups and vote in a way that maximizes expected total return for the Fund.

## **Cost/Benefit Analysis**

In addition, the Adviser will not vote any proxy if it determines that the consequences or costs of voting outweigh the potential benefit of voting. For example, if a foreign market requires shareholders voting proxies to retain the voted shares until the meeting date (thereby rendering the shares "illiquid" for some period), the Adviser will not vote proxies for such shares. In addition, the Adviser is not obligated to incur any expense to send a representative to a shareholder meeting or to translate proxy materials into English.

## **Securities Lending Recall**

To the extent that the Adviser is permitted to loan securities, the Adviser does not have the right to vote on securities while they are on loan. However, the Adviser will take all reasonable steps to recall shares prior to the record date when the meeting raises issues that the Adviser believes materially affect shareholder value, provided that the Adviser considers that the benefits of voting on the securities are greater than the associated costs, including the opportunity cost of the lost revenue that would otherwise be generated by the loan. However, there can be no assurance that the Adviser will have sufficient notice of such matters to be able to terminate the loan in time to vote thereon.

## **Issuer Feedback**

The Adviser will consider feedback from issuers on the voting recommendations of the Adviser's proxy advisory firm if the feedback is provided at least five days before the voting cut-off date. In certain circumstances, primarily those where the Adviser's voting policy is absolute and without exception, issuer feedback will not be part of the voting decision. For example, it is the Adviser's policy to always support a shareholder proposal to separate the roles of chairman of the board and CEO. Thus, any comments from the issuer opposing this proposal would not be considered.

## **Best Efforts**

If proxies are not delivered in a timely or otherwise appropriate basis, the Adviser may not be able to vote a particular proxy.

For an Adviser that employs a quantitative investment strategy for certain funds or accounts that does not make use of qualitative research ("Non-Qualitative Accounts"), the Adviser may not have the kind of research to make decisions about how to vote proxies for them. Therefore, the Adviser will vote the proxies of these Non-Qualitative Accounts as follows: (a) in accordance with the Standard Voting Instructions (defined below); (b) if the Adviser is casting votes for the same proxy on behalf of a regular qualitative account and a Non-Qualitative Account, the Non-Qualitative Account would vote in the same manner as the regular qualitative account; (c) if neither of the first two conditions apply, as the proxy advisory firm is recommending; and (d) if none of the previous conditions apply, as recommended by the Proxy Voting Committee.

## **Proxy Voting Procedures**

The Adviser has established a Proxy Voting Committee (“Proxy Committee”), to exercise all voting discretion granted to the Adviser by the Board in accordance with the proxy voting policies. To assist it in carrying out the day-to-day operations related to proxy voting, the Proxy Committee has created the Proxy Voting Management Group (PVMG). The day-to-day operations related to proxy voting are carried out by the Proxy Voting Operations Team (PVOT) and overseen by the PVMG. Besides voting the proxies, this work includes engaging with investee companies on corporate governance matters, managing the proxy advisory firm, soliciting voting recommendations from the Adviser’s investment professionals, bringing voting recommendations to the Proxy Committee for approval, filing with regulatory agencies any required proxy voting reports, providing proxy voting reports to clients and investment companies as they are requested from time to time and keeping the Proxy Committee informed of any issues related to corporate governance and proxy voting.

The Adviser has compiled a list of specific voting instructions based on the General Policy (the “Standard Voting Instructions”). The Standard Voting Instructions and any modifications to them are approved by the Proxy Committee. The Standard Voting Instructions sometimes call for an investment professional to review the ballot question and provide a voting recommendation to the Proxy Committee (a “case-by-case vote”). The foregoing notwithstanding, the Proxy Committee always has the authority to determine a final voting decision.

The Adviser has hired a proxy advisory firm to perform various proxy voting related administrative services such as ballot reconciliation, vote processing and recordkeeping functions. The Proxy Committee has supplied the proxy advisory firm with the Standard Voting Instructions. The Proxy Committee retains the right to modify the Standard Voting Instructions at any time or to vote contrary to them at any time to cast proxy votes in a manner that the Proxy Committee believes is in accordance with the General Policy. The proxy advisory firm may vote any proxy as directed in the Standard Voting Instructions without further direction from the Proxy Committee. However, if the Standard Voting Instructions require case-by-case handling for a proposal, the PVOT will work with the investment professionals and the proxy advisory firm to develop a voting recommendation for the Proxy Committee and to communicate the Proxy Committee’s final voting decision to the proxy advisory firm. Further, if the Standard Voting Instructions require the PVOT to analyze a ballot question and make the final voting decision, the PVOT will report such votes to the Proxy Committee on a quarterly basis for review.

## **Conflicts of Interest**

The Adviser has adopted procedures to address situations where a matter on which a proxy is sought may present a potential conflict between the interests of the Fund (and its shareholders) and those of the Adviser or Distributor. This may occur where a significant business relationship exists between the Adviser (or its affiliates) and a company involved with a proxy vote.

A company that is a proponent, opponent, or the subject of a proxy vote, and which to the knowledge of the Proxy Committee has this type of significant business relationship, is referred to below as an “Interested Company.”

The Adviser has implemented the following procedures to avoid concerns that the conflicting interests of the Adviser or its affiliates have influenced proxy votes. Any employee of the Adviser or its affiliates who is contacted by an Interested Company regarding proxies to be voted by the Adviser must refer the Interested Company to a member of the Proxy Committee and must inform the Interested Company that the Proxy Committee has exclusive authority to determine how the proxy will be voted. Any Proxy Committee member contacted by an Interested Company must report it to the full Proxy Committee and provide a written summary of the communication. This requirement includes engagement meetings with investee companies and does not include communications with proxy solicitation firms. Under no circumstances will the Proxy Committee or any member of the Proxy Committee make a commitment to an Interested Company regarding the voting of proxies or disclose to an Interested Company how the Proxy Committee has directed such proxies to be voted. If the Standard Voting Instructions already provide specific direction on the proposal in question, the Proxy Committee shall not alter or amend such directions. If the Standard Voting Instructions require the Proxy Committee to provide further direction, the Proxy Committee shall do so in accordance with the proxy voting policies, without regard for the interests of the Adviser with respect to the Interested Company. If the Proxy Committee provides any direction as to the voting of proxies relating to a proposal affecting an Interested Company, it must disclose annually to the Fund’s Board information regarding: the significant business relationship; any material communication with the Interested Company; the matter(s) voted on; and how, and why, the Adviser voted as it did. In certain circumstances it may be appropriate for the Adviser to vote in the same proportion as all other shareholders, to not affect the outcome beyond helping to establish a quorum at the shareholders’ meeting. This is referred to as “proportional voting.” If the Fund owns shares of another Federated Hermes mutual fund, generally the Adviser will proportionally vote the client’s proxies for that fund or seek direction from the Board or the client on how the proposal should be voted. If the Fund owns shares of an unaffiliated mutual fund, the Adviser may proportionally vote the Fund’s proxies for that fund depending on the size of the position. If the Fund owns shares of an unaffiliated exchange-traded fund, the Adviser will proportionally vote the Fund’s proxies for that fund.

## **Downstream Affiliates**

If the Proxy Committee gives further direction, or seeks to vote contrary to the Standard Voting Instructions, for a proxy relating to a portfolio company in which the Fund owns more than 10% of the portfolio company's outstanding voting securities at the time of the vote ("Downstream Affiliate"), the Proxy Committee must first receive guidance from counsel to the Proxy Committee as to whether any relationship between the Adviser and the portfolio company, other than such ownership of the portfolio company's securities, gives rise to an actual conflict of interest. If counsel determines that an actual conflict exists, the Proxy Committee must address any such conflict with the executive committee of the board of directors or trustees of any investment company client prior to taking any action on the proxy at issue.

## **Proxy Advisers' Conflicts of Interest**

Proxy advisory firms may have significant business relationships with the subjects of their research and voting recommendations. For example, a significant vendor for a proxy advisory firm may be a public company with an upcoming shareholders' meeting and the proxy advisory firm has published a research report with voting recommendations. In another example, a proxy advisory firm consulting client may be a public company for which the proxy advisory firm will write a research report. These and similar situations give rise to an actual or apparent conflict of interest.

To avoid concerns that the conflicting interests of proxy advisory firms have influenced their proxy voting recommendations, the Adviser will take the following steps:

- A due diligence team made up of employees of the Adviser and/or its affiliates will meet with its primary proxy advisor on an annual basis and determine through a review of their policies and procedures and through inquiry that they have established a system of internal controls that provide reasonable assurance that their voting recommendations are not influenced by their various conflicts of interest.
- On an annual basis the Director of Proxy Voting will examine a sample of a proxy advisory firm's research reports for that firm's institutional consulting clients and determine if evidence of bias in recommendations exists. If such evidence is found, the results of the examination will be presented to the Proxy Management Group and a decision would be made as to the further use of that advisory firm's research reports.
- Whenever the standard voting guidelines call for voting a proposal in accordance with a proxy advisory firm's recommendation and the proxy advisory firm has disclosed that they have a conflict of interest with respect to that issuer, the PVOT will take the following steps: (a) the PVOT will obtain a copy of the research report published by a proxy advisory firm for that issuer; (b) the Director of Proxy Voting, or their designee, will review proxy advisory firm reports and determine what vote will be cast. The PVOT will report all proxies voted in this manner to the Proxy Committee on a quarterly basis. Alternatively, the PVOT may seek direction from the Committee on how the proposal shall be voted.

## **Proxy Voting Report**

A report on "Form N-PX" of how the Fund voted any proxies during the most recent 12-month period ended June 30 is available via the Proxy Voting Record (Form N-PX) link associated with the Fund and share class name at [FederatedHermes.com/us/FundInformation](http://FederatedHermes.com/us/FundInformation). Form N-PX filings are also available (i) without charge, upon request, by calling the Fund at 1-800-341-7400, Option #4; and (ii) on the SEC's website at [sec.gov](http://sec.gov).

## **PORTFOLIO HOLDINGS INFORMATION**

Information concerning the Fund's portfolio holdings is available via the link to the Fund and share class name at [FederatedHermes.com/us/FundInformation](http://FederatedHermes.com/us/FundInformation). Such information is posted on the website five business days after both mid-month and month-end and remains posted on the website for six months thereafter. Summary portfolio composition information as of the close of each month is posted on the website 15 days (or the next business day) after month-end and remains until replaced by the information for the succeeding month. The summary portfolio composition information may include effective average maturity of the Fund's portfolio and/or percentage breakdowns of the portfolio by credit quality tier, effective maturity range and type of security. The Fund's WAM and WAL, Shadow NAV (market-based value of the Fund's portfolio), Daily and Weekly Liquid Assets and Daily Flows are posted every business day and remain posted on the website for six months thereafter.

You may also access portfolio information via the link to the Fund and share class name at [FederatedHermes.com/us](http://FederatedHermes.com/us). The Fund's Form N-CSR contains complete listings of the Fund's portfolio holdings as of the end of the Fund's second and fourth fiscal quarters. These reports are also available on the SEC's website at [sec.gov](http://sec.gov).

The Fund files with the SEC a complete schedule of its portfolio holdings as of the close of each month on "Form N-MFP." Form N-MFP is available on the SEC's website at [sec.gov](http://sec.gov). You may access Form N-MFP via the link to the Fund and share class name at [FederatedHermes.com/us](http://FederatedHermes.com/us).

The disclosure policy of the Fund and the Adviser prohibits the disclosure of portfolio holdings information to any investor or intermediary before the same information is made available to other investors. Employees of the Adviser or its affiliates who have access to nonpublic information concerning the Fund's portfolio holdings are prohibited from trading securities on the basis of this information. Such persons must report all personal securities trades and obtain pre-clearance for all personal securities trades other than mutual fund shares.

Firms that provide administrative, custody, financial, accounting, legal or other services to the Fund may receive nonpublic information about Fund portfolio holdings for purposes relating to their services. The Fund may also provide portfolio holdings information to publications that rate, rank or otherwise categorize investment companies. Traders or portfolio managers may provide "interest" lists to facilitate portfolio trading if the list reflects only that subset of the portfolio for which the trader or portfolio manager is seeking market interest. A list of service providers, publications and other third parties who may receive nonpublic portfolio holdings information appears in the Appendix to this SAI.

The furnishing of nonpublic portfolio holdings information to any third party (other than authorized governmental or regulatory personnel) requires the prior approval of the President of the Adviser and of the Chief Compliance Officer of the Fund. The President of the Adviser and the Chief Compliance Officer will approve the furnishing of nonpublic portfolio holdings information to a third party only if they consider the furnishing of such information to be in the best interests of the Fund and its shareholders. In that regard, and to address possible conflicts between the interests of Fund shareholders and those of the Adviser and its affiliates, the following procedures apply. No consideration may be received by the Fund, the Adviser, any affiliate of the Adviser or any of their employees in connection with the disclosure of portfolio holdings information. Before information is furnished, the third party must sign a written agreement that it will safeguard the confidentiality of the information, will use it only for the purposes for which it is furnished and will not use it in connection with the trading of any security. Persons approved to receive nonpublic portfolio holdings information will receive it as often as necessary for the purpose for which it is provided. Such information may be furnished as frequently as daily and often with no time lag between the date of the information and the date it is furnished. The Board receives and reviews annually a list of the persons who receive nonpublic portfolio holdings information and the purposes for which it is furnished.

#### **BROKERAGE TRANSACTIONS AND INVESTMENT ALLOCATION**

When selecting brokers and dealers to handle the purchase and sale of portfolio instruments, the Adviser looks for prompt execution of the order at a favorable price. Fixed-income securities are generally traded in an over-the-counter market on a net basis (i.e., without commission) through dealers acting as principal or in transactions directly with the issuer. Dealers derive an undisclosed amount of compensation by offering securities at a higher price than they bid for them. Some fixed-income securities may have only one primary market maker. The Adviser seeks to use dealers it believes to be actively and effectively trading the security being purchased or sold, but may not always obtain the lowest purchase price or highest sale price with respect to a security. The Adviser makes decisions on portfolio transactions and selects brokers and dealers subject to review by the Fund's Board.

Investment decisions for the Fund are made independently from those of other accounts managed by the Adviser and accounts managed by affiliates of the Adviser. When the Fund and one or more of those accounts invests in, or disposes of, the same security, available investments or opportunities for sales will be allocated among the Fund and the account(s) in a manner believed by the Adviser to be equitable. While the coordination and ability to participate in volume transactions may benefit the Fund, it is possible that this procedure could adversely impact the price paid or received and/or the position obtained or disposed of by the Fund. Investment decisions, and trading, for certain separately managed or wrap-fee accounts, and other accounts, of the Adviser and/or certain investment adviser affiliates of the Adviser are generally made, and conducted, independently from the Fund. It is possible that such independent trading activity could adversely impact the prices paid or received and/or positions obtained or disposed of by the Fund.

#### **ADMINISTRATOR**

Federated Administrative Services (FAS), a subsidiary of Federated Hermes, provides administrative personnel and services, including certain legal, compliance and financial administrative services ("Administrative Services"), necessary for the operation of the Fund. FAS provides Administrative Services for a fee based upon the rates set forth below paid on the average daily net assets of the Fund. For purposes of determining the appropriate rate breakpoint, "Investment Complex" is defined as all of the Federated Hermes funds subject to a fee under the Administrative Services Agreement with FAS. FAS is also entitled to reimbursement for certain out-of-pocket expenses incurred in providing Administrative Services to the Fund.

Administrative Services Fee Rate	Average Daily Net Assets of the Investment Complex
0.100%	on assets up to \$50 billion
0.075%	on assets over \$50 billion

#### CUSTODIAN

State Street Bank and Trust Company, Boston, Massachusetts, is custodian for the securities and cash of the Fund.

#### TRANSFER AGENT AND DIVIDEND DISBURSING AGENT

SS&C GIDS, Inc., the Fund's registered transfer agent, maintains all necessary shareholder records.

#### INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The independent registered public accounting firm for the Fund, KPMG LLP, conducts its audits in accordance with the standards of the Public Company Accounting Oversight Board (United States), which require it to plan and perform its audits to provide reasonable assurance about whether the Fund's financial statements and financial highlights are free of material misstatement.
