FROM: CME Clearing

ADVISORY #: 25-110

DATE: March 21, 2025

SUBJECT: Date Extension Planned: Mandatory Update Required for CORE API Service and CORE UI Service Users

As previously noted in advisories [25-057](#) and [25-058](#), CME is enhancing the CME CORE API and CME CORE web-based user interface. The mandatory adoption dates for required changes, previously communicated as March 28, 2025, has been extended until **April 11, 2025**. Please review the original advisories for more details on the changes.

Additionally, two new online documents have been made available to assist users during the transition:

- For CORE web-based UI users: the [CORE UI Rates Demo](#) pages are updated.
- For CORE API users: an [FAQ page](#) has been made available for commonly asked questions during this infrastructure transition.
