

Chapter 318A

Options on Chinese Renminbi/Euro (RMB/EUR) Cross Rate Futures

318A00. SCOPE OF CHAPTER

This chapter is limited in application to options on Chinese renminbi/Euro cross rate futures. In addition to this chapter, options on Chinese renminbi/Euro cross rate futures shall be subject to the general rules and regulations of the Exchange insofar as applicable.

For purposes of this chapter, unless otherwise specified, times referred to herein shall refer to and indicate Chicago time.

Options contracts covered by this chapter may also be referred to as:

CNY/EUR Monthly Options

CNY/EUR Weekly Friday Options

318A01. OPTIONS CHARACTERISTICS

318A01.A. Contract Months, Trading Hours, and Trading Halts

Options contracts shall be listed for such contract months (i.e., expirations) and scheduled for trading during such hours, except as indicated below, as may be determined by the Exchange.

318A01.B Trading Unit

The trading unit shall be an option to buy, in the case of the call, or to sell, in the case of the put, one Chinese renminbi/Euro futures contract as specified in Chapter 318.

318A01.C. Price Increments

The price of an option shall be quoted in Euro per Chinese renminbi. Each .00001 Euro per Chinese renminbi (one point x €10.00 per point) shall represent 10 Euro. For example, a quote of .00065 represents an option price of €650.00 (65 points x €10.00 per point). The minimum fluctuation shall be one point (also known as one tick). A trade may also occur at a price of €0.000005 (€5.00, also known as one-half tick), €0.000015 (€15.00), €0.000025 (€25.00), €0.000035 (€35.00), €0.000045 (€45.00), which are less than 5 ticks of premium).

318A01.D. Underlying Futures Contract

1. Monthly Options

The underlying futures contract is the same as the option contract month (i.e., the January futures is the contract underlying the January option).

2. Weekly Options

For weekly Chinese renminbi/Euro options that expire before the monthly option, the underlying futures contract is the same as the option contract month. For weekly Chinese renminbi/Euro options that expire after the monthly option, the underlying futures contract is the futures contract of the next consecutive calendar month. For example, if Monday, May 19th is the expiration of the monthly option (whose underlying futures contract is the May futures), then for the option expiring Friday, May 2nd, May 9th and May 16th, the underlying futures contract is the May futures. In this same example, for the options expiring on the Fridays, May 23rd and May 30th, the underlying futures contract is the June futures.

318A01.E. Position Limits, Exemptions, Position Accountability and Reportable Levels

The applicable position limits and/or accountability levels, in addition to the reportable levels, are set forth in the Position Limit, Position Accountability and Reportable Level Table in the Interpretations & Special Notices Section of Chapter 5.

A Person seeking an exemption from position limits for bona fide commercial purposes shall apply to the Market Regulation Department on forms provided by the Exchange, and the Market Regulation Department may grant qualified exemptions in its sole discretion.

Refer to Rule 559 for requirements concerning the aggregation of positions and allowable exemptions from the specified position limits.

318A01.F. Special Price Fluctuation Limits

At the commencement of each trading day, the contract shall be subject to special price fluctuation limits as set forth in Rule 589 and in the Special Price Fluctuation Limits Table in the Interpretations & Special Notices Section of Chapter 5.

318A01.G. [Reserved]

318A01.H. Termination of Trading

1. Monthly Options

Trading in monthly options on Chinese renminbi/Euro futures contracts shall terminate at the same date and time as the underlying futures contract.

2. Weekly Friday Options

Trading in weekly Friday options on the Chinese renminbi/Euro futures contract shall terminate at the close of trading (usually 2:00 p.m.) on those Fridays that are not also the termination of trading of a monthly option as described in the immediately preceding paragraph. If the foregoing date for termination is a scheduled Exchange holiday, trading in weekly Friday options shall terminate on the immediately preceding Business Day. In the event that the underlying futures market does not open on the scheduled expiration day, the option expiration shall be extended to the next day on which the underlying futures market is open for trading.

318A01.I. [Reserved]**318A01.J. Exercise Prices and Listing of Exercise Prices**

Transactions and exercise of options shall be conducted for options contracts as set forth in the Strike Price Listing and Exercise Procedures Table.

The Exchange may modify the provisions governing the establishment of exercise prices as it deems appropriate.

318A02. RESERVED**318A03. EXERCISE AND ASSIGNMENT**

In addition to the applicable procedures and requirements of Chapter 7, the following shall apply to the exercise of option contracts on Chinese renminbi/Euro futures.

318A03.A. Exercise of Option by Buyer

All in-the-money options are automatically exercised by the Clearing House on the day of expiration for the option. All out-of-the-money options are abandoned by the Clearing House on the day of expiration for the option. An option is in-the-money if the settlement price of the underlying futures contract at termination lies above or is equal to the exercise price in the case of a call, or lies below the exercise price in the case of a put.

318A03.B. Assignment

Exercise notices accepted by the Clearing House shall be assigned through a process of random selection to clearing members with open short positions in the same series. A clearing member to which an exercise notice is assigned shall be notified thereof as soon as practicable after such notice is assigned by the Clearing House, but not later than 45 minutes before the opening of Regular Trading Hours in the underlying futures contract on the following Business Day.

The clearing member assigned an exercise notice shall be assigned a short position in the underlying futures contract if a call is exercised or a long position if a put is exercised. The clearing member representing the option buyer shall be assigned a long position in the underlying futures contract if a call is exercised and a short position if a put is exercised.

All such futures positions shall be assigned at a price equal to the exercise price of the option and shall be marked to market in accordance with [Rule 814](#) on the Trading Day of acceptance by the Clearing House of the exercise notice.

318A04. [RESERVED]
