It is the Participant’s responsibility to re-enter all orders that have been cancelled by COD. COD is not invoked for a graceful disconnect – a voluntary log out performed by the Participant’s system which executes the full logging out process. This involves the successful completion of each of the following steps prior to termination of the connection:
- (a) Participant’s system sends logout request;
 - (b) BrokerTec sends logout confirmation; and
 - (c) Participant’s system receives logout confirmation.

- 9.3.4. Recipients respond to RFQs through the submission of Executable Quotes. Recipients may specify the duration of each Executable Quote. Acceptance of an Executable Quote results in a binding Transaction.
- 9.3.5. Upon expiry of an RFQ session all Executable Quotes are automatically withdrawn and are unavailable for Matching.
- 9.3.6. At any time during Trading Hours, a Participant can initiate an RFQ session in any Eligible Instrument made available through the RFQ Trading Protocol as detailed in a Product Appendix.

9.3.7. Participants can set, within the parameters defined by the Operator, the duration of the RFQ session, Recipient count, Eligible Instrument type and settlement methodology in accordance with Rule 9.3.8.

9.4. **Anonymity**

9.4.1. Save as otherwise described in these Rules, once submitted, an Order on the CLOB shall be displayed to other Participants anonymously.

9.4.2. For Bilateral Markets on the CLOB, the name of a Participant's counterparty shall be disclosed after execution of the Transaction, in order to allow settlement of the Transaction to occur.

9.4.3. Trading via the RFQ Trading Protocol is on a disclosed basis, such that the names of Recipients are displayed pre-trade to the Participant initiating an RFQ session.

9.5.3. Further detail relating to the Pre-Trade Controls is set out in the Operational Parameters Annex, which is available on the Operator's website. The Operator may decide, in its absolute discretion, to change the operation of such controls.

(a) upon request of a Participant, where the Participant is technically unable to delete its own orders; or

 - 24.1.4. disclosure is made in the interests of co-operation with any regulatory investigation conducted by a relevant Regulatory Authority;
